<td>This file is alphabetically arranged. Headings include topics, individual names, and names of organizations. Inclusive dates are provided for the material related to each heading, except in cases when a folder encompasses more than one heading. The original order and heading designation of the file have not been altered; cross references have not been added. In most cases, common sense will lead the researcher to discover that, for example, material related to the United Christian Missionary Society is located under &quot;Disciples of Christ&quot; and material related to the Rackham Fund is located under &quot;Foundations--Rackham Fund.&quot;</td>

The organization of this Series is similar to that of Series I. The time periods covered by the two Series overlap slightly. Although some material in Series II dates from after the United Board's corporate name change, the File's original title has been retained to indicate its clear orientation toward the China College era.

The detailed cross reference directory developed by the United Board for use with its Consolidated General File will be of considerable value to the researcher. It is located at the end of Series II listings. No responsibility is taken for the accuracy of the cross reference lists.

Series III. New File

The records of Series III directly supplement the Consolidated General Files of Series I and II, providing further documentation of the United Board for Christian Higher Education and antecedent bodies. The materials are first categorized according to the organizational entity which produced or collected them:

1) Central Office of the China Union Universities
2) Permanent Committee for the Coordination and Promotion of Christian Higher Education in China
3) Committee for Christian Colleges in China
4) Associated Boards for Christian Colleges in China
5) United Board for Christian Colleges in China
6) United Board for Christian Higher Education in Asia

Within the latter three categories the material is further divided according to the following topical headings:

a) Administrative
b) Academic
c) Financial records
d) Periodical publications
e) Publicity/reports

The administrative category includes official documents, reports, committee minutes, and material related to programs initiated by the home office. The statistical records, surveys and reports in the Academic category relate to the China Colleges in general or to proposed educational institutions in Asia. Records related to specific colleges and universities supported by the United Board and its predecessors are primarily located in Series IV or Series VI.

Series V. Audio-Visual Materials

A searchable database describing the films and photographs of Series V is available.

The materials in Series V have been divided according to format:

1) Films, filmstrips
2) Photographs
3) Slides
4) Sketches
5) Sound recordings

General films about United Board work in China and geographical areas of China are followed by films related to specific educational institutions in Asia. Film titles are provided as available. A small number of filmstrips follow the films.

Photographs are organized in the following sequence:

a) Associated Boards and United Board activities in the United States
b) China Colleges
c) Other educational institutions in Asia
d) Organizations related to the China Colleges
e) Miscellaneous photographs of China and Korea

The organization within these categories varies according to the number, size and subject matter of photographs available.

The slides include glass lantern slides and more modern varieties. Slides relating to four China Colleges are followed by a number of boxes of unidentified slides.

The sketches are by Mary V. Thayer of Ginling College.

The sound recordings consist of two phonograph records and seventeen soundscript discs.
