

Using EndNote to Manage Citations and Write Papers

Date: Wednesday, September 3, 2025 **Time:** 2:00pm - 2:45pm **Location:** Online

Learn how to manage citations, write papers, and create a bibliography with EndNote. EndNote users spend more productive time reading, thinking, working, and writing because they save time keeping track of research material and formatting papers.

Before the session install [EndNote 2025](#) [1] (provided free by Yale!) and learn how to:

- Build and organize an EndNote library with references from various resources
- Locate article PDFs efficiently with Find Full Text
- Discover how EndNote 2025 uses AI to extract article key insights and takeaways
- Integrate EndNote into Microsoft Word for easy manuscript formatting

Any student who attends at least 3 library workshops this semester will be eligible to receive a Yale Library tote bag. [Learn more about the Workshop Incentive Program](#) [2].
