

## Pamphlets and papers

Certain pamphlets, reports, and unpublished materials are treated in an archival manner by the Divinity Library. YDSL has created several so-called "record groups" for these materials, each of which differs in its structure or level of detail. Record groups have been established to organize pamphlets related to various subject areas: e.g. , New England church records, Congregational church records, non-mission religious and benevolent societies, war and peace, social ethics.

Online finding aids for the collections are linked to from the Record Group numbers below. For searching across collections, please use the Yale [\[1\]Finding Aid Database](#) [1].
