## Z39.50 Access

### Orbis Z39.50 Access

Z39.50 access will allow you to connect to Orbis (Yale Library Catalog) using client software such as EndNote. A preconfigured EndNote connection file for Orbis is available from the [EndNote Help Page](#) [1].

Note: Bibliographic records harvested from the Yale Library Catalog are not available for commercial use.

### Orbis Z39.50 Parameters

System	Endeavor Voyager
Server Address	z3950.library.yale.edu
Port:	7090
