### Policies & Protocols: 373

Source: RDA in NACO Pt 3 Slide 28

Presenter Notes. Formerly known as Affiliation, in which it was meant to show association between a person and an affiliated body. Redefined to show information about a group, institution, etc. that is associated with the entity in the 1XX. (Technically that opens it up to other names than Persons, but it is only in the element list for Persons.)

No indicators.

#### Subfields

‡a	Associated Group (R)
‡s	Start period (NR)
‡t	End period (NR)
‡u	Uniform Resource Identifier (R)
‡v	Source of information (R)
‡0	<del>Record control number (R) &lt;do not use&gt;</del>
‡2	Source of term (NR)

**YUL Policy: Record if necessary for identification**

### Personal Names

Modified version of RDA in NACO. Pt. 3, Slide 29– Additional info. from NACO Training, Pt. 3, Slide 55.

“Name of group/s with which a person is affiliated or has been affiliated through employment, membership, cultural identity, etc. For personal names, prefer a controlled vocabulary, such as the LC/NACO Authority File.”

Prefer the NAF form; if so use ‡2 naf

Does NOT have to have an AAP for the name, but should be formulated as RDA, e.g. spell out Department (but no ‡2 naf)

Formerly called Affiliation (redefined to include corporate body relationships as well as personal name relationships)

### Associated Institutions

NACO Training, Module 4, Slide 66

Record associated institutions as separate elements, as parts of access points, or as both.

RDA 11.5: “Record the name of an associated institution in the form and language recorded as the preferred name for the institution.”

Associated Institution is a Core element [in AAP only] if:

### BL Best Practice for Associated Corporate Names

Source: BL Guide to RDA Name Authority Records

Record the name of an associated institution by using the preferred name for the institution.

Record associated institutions as separate elements, as parts of access points, or as both.

RDA 11.5: "Record the name of an associated institution in the form and language recorded as the preferred name for the institution"

BL practice: Generally, to avoid redundancy, do not add a 373 for the name of a hierarchically superior and higher related body, if it is already present in an authorised or variant access point in the name authority record:

110	2		Wolfson College (University of Oxford)
-----	---	--	---

373 for University of Oxford not required, as it is present in 110.

110	2		University of Oxford. ‡b Careers Service
-----	---	--	---

373 for University of Oxford not required, as it is present in 110.

110	2		Hinksey Centre
410	2		University of Oxford. ‡b Hinksey Centre

373 for University of Oxford not required, as it is present in 410

Record in 373 an institution organizing a conference, an institution that is the subject of a conference, and any institution otherwise associated with a conference.

When using subfield ‡2, repeat field 373 if subfield ‡2 does not apply to all terms.

Record the name of an associated institution by using the preferred name for the institution.

Record associated institutions as separate elements, as parts of access points, or as both.
