

Create Home Page

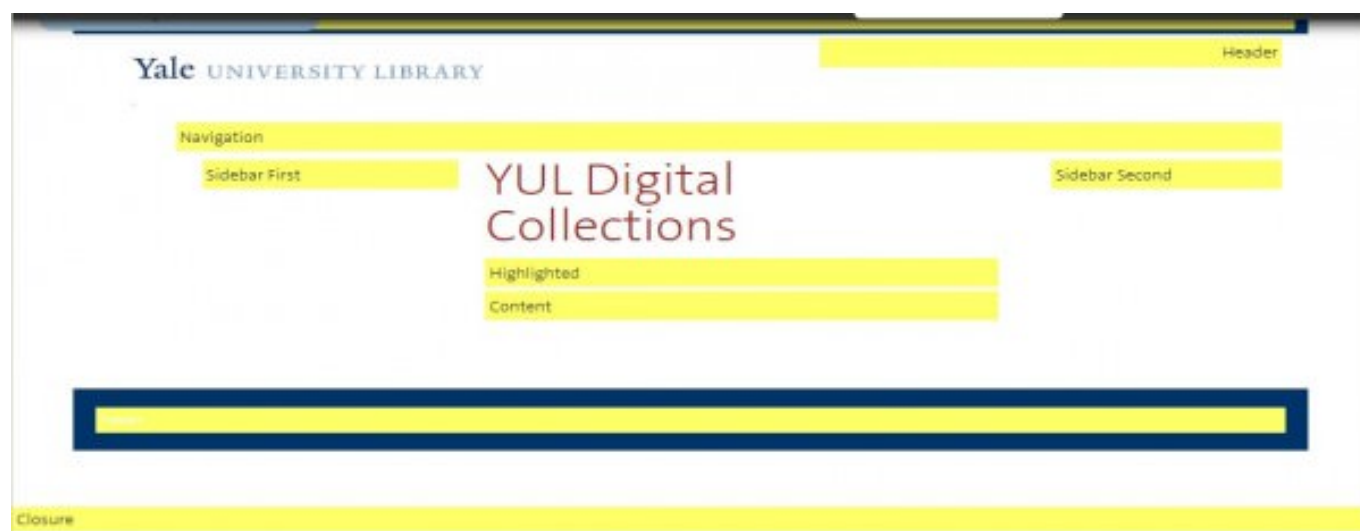

There are several templates for libraries and departments:

- Library Home, [Arts](#) [1], [MSSA](#) [2], [Music](#) [3], [Divinity](#) [4]: All have a different Heading, Main Menus, Search block, Billboard Image, Menu, In focus news
 - [Bass](#) [5]: Uses the same Heading, adds Sub-section, and without In focus
- Home page for [International Collections](#) [6], [Classic Library](#) [7] : Using "Collection Landing Page" to provide menu and content"
 - [East Asia Library](#) [8], [Fortunoff](#) [9]: First Preference author block replaced by other content
 - [Historical Sound Recordings](#) [10]: moves content block to Third Preference area
- Home page for [Library IT](#) [11], [Microform](#) [12]: have Default Heading and Main Menu
 - [Preservation](#) [13]: Add highlight menu block in Sub-section region
 - [Giving to the Library](#) [14]: Different heading
- Home page for [Digital Collections](#) [15]: Different Theme

Templates and Regions

With different blocks put in different regions will create different home pages by using Context configuration.

Custom Collection Landing Page for HSR

Create a Collection Landing Page > music/hsr

Structure > Context > international_collection > Add ~music/hsr to not using this context for the new page

Clone Context > international_collection => historical_sound_recordings

- Node type > Remove the Conditions for "Collection Landing Page"
- Path > Give the path restriction to be "music/hsr"
- Blocks > Preface Third
 - Remove "Field: field_find_link"
 - Add delta_blocks => "Page title"
 - Add system => "Main page content"
 - Add "Library Hour" block to top of this region after create the block with PHP Code
- Structure > Blocks > Content > Configure the following
 - Page title => Add "~music/hsr" to not have this block show in Content Area
 - Main page content => Do the same step as above

Add the following iframe in the landing page to display library hour

```
<iframe height="60" scrolling="no"
src="http://api.libcal.com/api_hours_today.php?iid=457&lid=400format=rss"></iframe>
```

OR can create a library hours block with PHP code, and style of "block-yul-hours highlight-block"

PHP Code
<?php

```
$result = drupal_http_request('http://api.libcal.com/api_hours_today.php?iid=457&lid=405&format=html');
$content = $result->data;
print $content;
```

?>

Sample Home Page : Giving to the Library

Disable Sitewide default title heading: Structure > Context > Scrolling down to "sitewide_default" > Edit > Conditions: Path, exclude this site "~development"

Create new Context "giving_to_library" for this site

- Create "giving_to_library_sub_site_name" block, with Block body:
"<h2 class='site-name'>Giving to the Library</h2>" and CSS class "sub-site-name"
- Clone "sitewide_default" context, do the necessary change
 - path: only "development"
 - Blocks: Change Blocks in "Topper First" region from "Site name" to "YUL Workmark" and "Giving to Library Sub-site Name". All others are keep same with Side wide default.
- Create proper menus and blocks as required
- See more detail at "[Create Development Council Site](#) [16]".

Menu

Creatae Main Menu: Structure > Menus > Add Menu > Drag and drop to arrange the order
Create Menu block to using part of the Menu in Main menu by select propal parent menu

- Main Menu => home page Main menu with level 1 title link
 - Research, Services, Libraries & Collections, Information & Policies (each one with it's own block) to Menu Region, also "YUL Main Menu"
 - Places "Places Block" in "Sub-section" region, also as "Header" Menu
- Manin menu Home => A revised menu For "Research Block" at "Preface First" Region
- Yale Links => Home page footer menu

Top menu without page link:

Create a Menu with Custom Links it with URL as "javascript:voil(0)"

Expand Level 2 Keep level 1

Using default Menu block (was auto created when create new menu) instead of "Menu 2+"

Custom Blocks

AddThis for facebook, twitter, email: create a block with CSS class "addthis" and Block body:

Create Home Page

Published on Yale University Library (<https://web.library.yale.edu>)

```
<!-- AddThis Button BEGIN -->
<div class="addthis_toolbox addthis_floating_style addthis_16x16_style">
<a class="addthis_button_facebook_follow" addthis:userid="yalelibrary"></a>
<a class="addthis_button_twitter_follow" addthis:userid="yalelibrary"></a>
<a class="addthis_button_email"></a>
</div>
<script type="text/javascript">var addthis_config = {"data_track_addressbar":false};</script>
<script type="text/javascript"
src="//s7.addthis.com/js/300/addthis_widget.js#pubid=ra-5034cdc446677019"></script>
<!-- AddThis Button END -->
```

Arts Search Area Links => Point to "Arts main Menu - Search Area" with CSS class of "search-area-links narrow-or-greater" to change the default search blocks at "Header First" Region

Using Library Theme - Testimonies Site

Need enable testimonies site to use library theme:

sites > all > themes > yul > yul.info + add this line "allowed_sites[] = testimonies.library.yale.edu"

Request Library Theme deploy to testimonies site (contact ITS Massaro, Vincent <vincent.massaro@yale.edu [19]> and Pasko, Kimberly <kimberly.pasko@yale.edu [20]>)

"Yale University Library" Theme should appear in "Appearance > Settings", set it to default, and start to work from here

Create 'YUL Wordmark' block

- Machine name: yul_wordmark
- Block Description: YUL Wordmark
- Block Body: <h2>Yale University Library</h2>

Create 'Menu

Fortunoff Home Page

Create 'Fortunoff Sub-site name' Block

- Block description > 'Fortunoff Sub-site name'
- Block body: <h2 class="site-name">Fortunoff Video Archive for Holocaust Testimonies</h2> [Test format: Full HTML]

Create Home Page

Published on Yale University Library (<https://web.library.yale.edu>)

- Block Title Link Setting > Display Link

Create Context "fortunoff_sub" for sub page > Tag: YUL >

- Description : Header and footer, and other blocks, for path /testimonies*
- Condition > Path > testimonies*
- Blocks >
 - Topper First : "YUL Wordmark" ; "Fortunoff Sub-site name"
 - Topper Second : "Fortunoff Header"
 - Menu : "Fortunoff Research Nav" ; "Fortunoff Services Nav" ; "?Fortunoff Edit Program Nav" ; "Fortunoff Visit Nav" ; "Fortunoff About Archive Nav" ;
 - Footer First: Footer
 - Footer Links : Yale Links

Create Context "fortunoff" for home page > Tag : YUL

- Description : Home Page for Fortunoff Video Archive for Holocaust Testimonies
- Path : fortunoff => testimonies
- Block >
 - Header First: YUL Orbis Search; YUL Finding Aids Search;
 - Header Second: View: Random Billboard: Fortunoff Block;
 - Preface First: Fortunoff Research Nav;
 - Preface Second: Fortunoff Quick Links Nav;
 - Preface Third: MSSA Hours; Fortunoff Ask Block;
