Create Home Page

There are several templates for libraries and departments:

- Library Home, [Arts](#), [MSSA](#), [Music](#), [Divinity](#): All have a different Heading, Main Menus, Search block, Billboard Image, Menu, In focus news
  - [Bass](#): Uses the same Heading, adds Sub-section, and without In focus
- Home page for [International Collections](#), [Classic Library](#): Using "Collection Landing Page" to provide menu and content
  - [East Asia Library](#), [Fortunoff](#): First Preference author block replaced by other content
  - [Historical Sound Recordings](#): moves content block to Third Preference area
- Home page for [Library IT](#), [Microform](#): have Default Heading and Main Menu
  - [Preservation](#): Add highlight menu block in Sub-section region
  - [Giving to the Library](#): Different heading
- Home page for [Digital Collections](#): Different Theme

Templates and Regions

With different blocks put in different regions will create different home pages by using Context configuration.
Custom Collection Landing Page for HSR

Create a Collection Landing Page > music/hsr

Structure > Context > international_collection > Add ~music/hsr to not using this context for the new page

Clone Context > international_collection => historical_sound_recordings

- Node type > Remove the Conditions for "Collection Landing Page"
- Path > Give the path restriction to be "music/hsr"
- Blocks > Preface Third
  - Remove "Field: field_find_link"
  - Add delta_blocks => "Page title"
  - Add system => "Main page content"
  - Add "Library Hour" block to top of this region after create the block with PHP Code

- Structure > Blocks > Content > Configure the following
  - Page title => Add ~music/hsr to not have this block show in Content Area
  - Main page content => Do the same step as above

Add the following iframe in the landing page to display library hour

```
<iframe height="60" scrolling="no"
src="http://api.libcal.com/api_hours_today.php?iid=457&lid=400format=rss"></iframe>
```

OR can create a library hours block with PHP code, and style of "block-yul-hours highlight-block"

```
<?php
$result = drupal_http_request('http://api.libcal.com/api_hours_today.php?iid=457&lid=405&format=html');
$content = $result->data;
print $content;
?>
```
Sample Home Page : Giving to the Library

Disable Sitewide default title heading: Structure > Context > Scrolling down to "sitewide_default" > Edit > Conditions: Path, exclude this site "~development"

Create new Context "giving_to_library" for this site

- Create "giving_to_library_sub_site_name" block, with Block body: 
  "<h2 class="site-name"><a href="/development" title="Return to the Giving to the Library home page">Giving to the Library</a></h2>" and CSS class "sub-site-name"
- Clone "sitewide_default" context, do the necessary change
  o path: only "development"
  o Blocks: Change Blocks in "Topper First" region from "Site name" to "YUL Workmark" and "Giving to Library Sub-site Name". All others are keep same with Side wide defaul.
- Create proper menus and blocks as required
- See more detail at "Create Development Council Site [16]".

Menu

Create Main Menu: Structure > Menus > Add Menu > Drag and drop to arrange the order
Create Menu block to using part of the Menu in Main menu by select propal parent menu

- Main Menu => home page Main menu with level 1 title link
  o Research, Services, Libraries & Collections, Information & Policies (each one with it's own block) to Menu Region, also "YUL Main Menu"
  o Places "Places Block" in "Sub-section" region, also as "Header" Menu
- Manin menu Home => A revised menu For "Research Block" at "Preface First" Region
- Yale Links => Home page footer menu

Top menu without page link:
Create a Menu with Custom Links it with URL as "javascript:voil(0)"

Expand Level 2 Keep level 1
Using default Menu block (was auto created when create new menu) instead of "Menu 2+"

Custom Blocks

AddThis for facebook, twitter, email: create a block with CSS class "addthis" and Block body:
Arts Search Area Links => Point to "Arts main Menu - Search Area" with CSS class of "search-area-links narrow-or-greater" to change the default search blocks at "Header First" Region

### Using Library Theme - Testimonies Site

Need enable testimonies site to use library theme:

```bash
sites > all > themes > yul > yul.info + add this line “allowed_sites[] = testimonies.library.yale.edu”
```

Request Library Theme deploy to testimonies site (contact ITS Massaro, Vincent <vincent.massaro@yale.edu> [19] and Pasko, Kimberly <kimberly.pasko@yale.edu> [20>])

"Yale University Library” Theme should appear in “Appearance > Settings”, set it to default, and start to work from here

Create 'YUL Wordmark' block

- Machine name: yul_wordmark
- Block Description: YUL Wordmark
- Block Body: `<h2><a href="/" title="Yale University Library home page">Yale University Library</a></h2>

Create 'Menu

### References

- YaleSite: [Hiding your theme from other sites] [21]

### Fortunoff Home Page

Create 'Fortunoff Sub-site name' Block

- Block description > 'Fortunoff Sub-site name'
- Block body: `<h2 class="site-name"><a href="/testimonies" title="Return to Yale University Library Fortunoff Video Archive for Holocaust Testimonies">Fortunoff Video Archive for Holocaust Testimonies</a></h2>`

[Test format: Full HTML]
Create Home Page
Published on Yale University Library (https://web.library.yale.edu)

- Block Title Link Setting > Display Link

Create Context "fortunoff_sub" for sub page > Tag: YUL >

- Description: Header and footer, and other blocks, for path /testimonies*
- Condition > Path > testimonies*
- Blocks >
  - Topper First: "YUL Wordmark" ; "Fortunoff Sub-site name"
  - Topper Second: "Fortunoff Header"
  - Menu: "Fortunoff Research Nav" ; "Fortunoff Services Nav" ; "Fortunoff Edit Program Nav" ; "Fortunoff Visit Nav" ; "Fortunoff About Archive Nav" ;
  - Footer First: Footer
  - Footer Links: Yale Links

Create Context "fortunoff" for home page > Tag: YUL

- Description: Home Page for Fortunoff Video Archive for Holocaust Testimonies
- Path: fortunoff => testimonies
- Block >
  - Header First: YUL Orbis Search; YUL Finding Aids Search;
  - Header Second: View: Random Billboard: Fortunoff Block;
  - Preface First: Fortunoff Research Nav;
  - Preface Second: Fortunoff Quick Links Nav;
  - Preface Third: MSSA Hours; Fortunoff Ask Block;
