## All Projects -- Awareness

The survey asked about 13 projects or services the LIT department worked on in 2014.

**Please indicate if you have been actively involved in or were aware of various services related to ...**

No one project was recognized by more than half respondents as being something they were aware of or involved with. The average level of recognition across all projects listed was 31.5%. Projects are listed in descending order of percentage of respondents indicating they were aware of or involved with the project. In this chart those projects with a higher percent aware or involved with are shown above the green line, and those with less than the average
