Unison

Secular Sacred

M1609 2101.5 Unison choruses, with and without accompaniment
Cutter numbers for special texts (for a complete list of texts, see Table M6)
If more than one language is present and one of those is Latin, use "L" in the cutter number.

__11 Agnus Dei
__14 Alma Redemptoris Mater
__16 Ave Maria
__161 Ave Maria Stella
__165 Ave Verum corpus
__169 Beatus vir
__25 Cantate Domino
__34 De profundis
__373 Dixit Dominus
__4 Gloria in excelsis Deo
__5 Kyrie eleison
__6 Magnificat
__62 Miserere mei
__7 Nunc dimittis
__77 Regina Caeli
__8 Salve Regina
__82 Stabat Mater
__9 Te Deum
__94 Veni Creator Spiritus

For special texts not listed in Table M6, class works by medium of performance.

The M schedule doesn't offer a solution to special texts in languages other than those listed in the Table M6, but begin with the letter of one of the languages listed there (e.g., "L" is used for Latin, and cannot be used with Latvian, Lithuanian, etc., special texts). The cuttering directions use up all the available numbers under a given letter, so unless a different lettering system were introduced for letters already occupied, there's no class legitimately available.

Several workarounds are possible:

1. Add a cutter number between "L" and the number for the text (e.g., La, Li),
2. Class with medium of performance instead of special texts,
3. Interfile all languages beginning with a specific alpha character without regard for their differences
