Chronological and geographic subdivisions for subject headings for jazz and popular music

the following order of preference: 1. when the music was popular, 2. date of composition, 3. date of publication. According to H 1916.5, there are only seven headings for jazz and popular music that can be subdivided chronologically by decade [listed below], each of which have explicitly established (but not free-floating) chronological subdivisions that reflect their specific historical development. The standard century subdivisions listed in H 1916.5 (e.g., --To 500, --500-1400, --15th century, etc.) are not used as subdivisions for jazz and popular music subject headings or for subject headings for folk or non-Western music. The latter is covered under H 1917: Music of ethnic, national, and religious groups. There is no provision for chronological subdivision in H 1917. Source: edited from MLA-L messages from Jay Weitz and Chuck Herrold, June 18, 2008

**H 1160, 3: Musical compositions: Geographic subdivisions:**
This instruction sheet applies to headings representing musical forms and types of compositions, medium of performance, style, etc. Rock music is given as an example. The following instructions, excerpted from H 1160, apply to jazz and popular music subject headings:
Use geographic subdivisions to bring out the origin of the music when the geographic focus is stated or implied in the title or series. Exceptions are made for jazz and popular music styles and genres that originated in the United States [listed below]. When both chronological and geographic subdivisions are used in a heading, the geographic subdivision comes before the chronological subdivision.

**Early works to 1800:**
This free-floating form subdivision is used for early texts on a subject, as the last element in the subject heading. It is tagged in ‡v (not ‡y), as it is a form/topical subdivision, not a chronological subdivision [31].

Assign the subdivision to all editions of a work, including editions issued after 1800, as long as the original text has not been altered or reworked. Also assign the subdivision for literal translations of such texts, regardless of the date of the translation.

**Do not use this subdivision under headings for musical compositions.** Also, do not confuse this subdivision with the obsolete "To 1800," which once was added to subject headings for musical compositions.

**Local practice in 6XX fields**

Chorus subject headings | Local (non-LC) subject headings | Subject subdivisions for rare materials

**Chorus Subject Headings**

It is Yale's practice to **not** add the number of voices to any chorus subject heading. We **do** follow LC practice for adding the subdivisions ‡v Scores, ‡v Scores and parts, etc.

Chorus subject headings should have the number of parts deleted:

- **650 _0** Choruses, Secular (Mixed voices, 4 parts) with piano.
- **650 _0** Choruses, Sacred (Mixed voices, 3 parts) with continuo.
- **650 _0** Choruses, Sacred (Mixed voices, 5 parts) with continuo.

When there are two or more subject headings with the number of parts included, deleting the number may result in identical subject headings. In that case, delete the number of parts from one of them and delete the other subject heading entirely:

- **650 _0** Choruses, Sacred (Mixed voices, 3 parts) with continuo.
- **650 _0** Choruses, Sacred (Mixed voices, 5 parts) with continuo.

A chorus subject heading such as this, in which the number of parts are indicated even though the accompaniment is an ensemble:

- **650 _0** Choruses, Sacred (Mixed voices, 6 parts) with instrumental ensemble ‡v Scores.

is incorrect, anyway, since you do not add the number of voices when there are eight or fewer with accompaniment of two or more instruments (other than two keyboard instruments or continuo). This subject heading should be:

- **650 _0** Choruses, Sacred (Mixed voices) with instrumental ensemble ‡v Scores.

There are non-Music Library records in ORBIS with chorus subject headings including the number of parts. Do not change these, unless they are incorrectly formulated.

Local (non-LC) subject headings §

Until July 2001, local subject headings were tagged as LC subject headings with second indicator 4. As of July 13, 2001, use 69X tags when assigning subject headings that are not LC headings, including headings that are assigned according to locally-developed (Yale) standards.

Subject subdivision for rare materials §

This is a list of subdivisions (‡x) applied to 600s and 610s in the Yale Music Library:

- **Bookplate**
- **Dedicatee**
  - Use "Dedicatee" following a personal when that person has been named in a presentation inscription. This varies from the relationship designator [33] "‡e dedicatee" for the person to whom a work is dedicated (i.e., in the printed dedication).
- **Gift**
  - Use "Gift" following a personal name when that person or that person's estate has presented the library with the physical item. Use "Gift" when the library buys an item and pays for it with income from an endowment fund bearing either an individual (Carl Miller), corporate (Friends of Music), or fund (Susanna Fund) name.
- **Inscription**
- **Library**
- **Provenance**
- **Signature**
Add a 590 note, for example:

- 590 __ From the Estate of Virgil Thomson.

We add these to rare materials when applicable, e.g.:

- 590 MUS: Signature of Lowell Mason on cover.
- 692 Mason, Lowell, |d 1792-1872 ‡x Bookplate, 2139.
- 692 Mason, Lowell, |d 1792-1872 ‡x Signature.
- 590 MUS: From the library of Newell Jenkins.
- 692 Jenkins, Newell ‡x Provenance.
- 590 Bookplates on front endpaper: Rinck's Library ... Lowell Mason Library of Music
- 693 Rinck's Library ‡x Bookplate.

or to non-rare materials when they are purchased from specific funds, e.g.:

- 692 Miller, Carl S. ‡x Gift, 1991.

Based in part on e-mail messages of July 13, 2001 from Martha Conway (for local (non-LC) subject headings) and of Nov. 4, 1997 from Helen Bartlett (for subject subdivisions for rare materials)

Music instruction sheets in the Subject Cataloging Manual

This page describes and links to music-specific instruction sheets in the Subject Cataloging Manual.

General instruction: Assign the heading that represents the predominant topic of the work as the first subject heading. (see H 80 Order of subject headings)

If the predominant topic cannot be represented by a single heading:
° assign as the first and second headings the two headings that, taken together, express the predominant topic.
° if one of the two more closely approximates the class number it is usually assigned first.

**Musical form/genre headings**

Musical form/genre headings are used when the work is in a specific form and that form is found in LCSH. Some forms are found in LCSH: Sonatas, Rondos, Waltzes, etc., and others are not: Fantasies, Preludes.

The most specific form heading should be used when that form is found in LCSH. This means that in most cases, a single subject heading will sufficiently describe the work. For example, a sonata for piano will be assigned the subject heading: Sonatas (Piano). To assign a second subject heading for medium of performance, such as Piano music, would be incorrect, since the first subject heading is more specific and sufficient.

Musical form/genre headings are usually qualified by medium of performance. The name of the instrument is enclosed in parentheses. When a parenthesis is the final element of a subject heading, there is no final period.

Examples:
650 0 Suites (Organ)
650 0 Rondos (Piano)
650 0 Sonatas (Cellos [49])
650 0 Variations (Violin)

**Sonatas:**

The form subject heading "Sonatas" is applied to music for one or two instruments only. When a work for three or more instruments is titled "Sonata," the uniform title may use that term as the initial title element, but the subject heading will be either "Trio sonatas" or a medium of performance heading (trios, quartets, etc.). A work titled "Sonata" for four violins would be assigned the subject heading: String quartets (Violins (4))

**Musical form/genre headings that are not qualified by medium of performance**

There are two reasons why a form heading would not be qualified by medium of performance:
1. because the medium of performance is implied in the form;
2. for some unknown, mysterious reason, the Library of Congress has decided that a particular form heading should not be qualified by medium of performance.

- Note: It is not LCSH practice to bring out the medium of performance in the majority of headings assigned to
popular music.]

1. Some form headings have an implied medium of performance and will not be qualified. The scope note under the heading in LCSH will indicate when the form heading is usually for a specific instrument and should not be qualified by the name of that instrument. When that same form is for a medium of performance other than the implied medium, that form heading is qualified by the name of the instrument(s):

- 010    sh 85024709
- 150    Chorale preludes
- 550    Chorales

680 Here are entered compositions originally written or arranged for organ. Similar compositions written for media other than organ receive the heading Chorale preludes, followed by specification of medium, e.g. Chorale preludes (Orchestra)

Examples:
Sonatas (Piano)                      no medium is implied by “sonata”
Symphonies.                           orchestra is implied
Symphonies (String orchestra)        since orchestra is implied by “Symphonies,” any other
Chorale preludes.                     medium must be specified
Chorale preludes (Orchestra)         organ is implied
                                          since organ is the medium implicit in “Chorale preludes,”
                                          any other medium must be specified

2. Some form headings cannot be qualified by medium of performance. The scope notes in LCSH indicate which form headings are never qualified by medium of performance, regardless of instrumentation:

- 010    sh 93006216
- 150    Toccatas

680 Here are entered works composed in the form of the toccata. Works on the toccata as a musical form are entered under Toccata.

680 A second heading for medium of performance is assigned if a specific medium of performance is given in the work.

In these cases, a second heading for medium of performance is assigned. Neither subject heading by itself would completely describe the work. This is one circumstance under which more than one subject heading is assigned to describe one work:

- 650 0 Toccatas.
- 650 0 Organ music.
- 650 0 Pavans.
- 650 0 Harpsichord music.

650 0 Tarantellas.
650 0 Band music.

form subject headings that at time were qualified by medium of performance (and therefore require an additional heading for medium of performance)

dance forms such as:

- allemandes
- bourrées
- courantes
- fandangos
- foxtrot
- galliards
- gavottes

form subject headings that were never qualified by medium of performance (and therefore require an additional heading for medium of performance)

fanfares
toccatas

types of compositions in forms for which there were never corresponding form subject headings (and therefore require medium of performance subject headings)

- fantasies
- inventions
- nocturnes
- preludes
- ricercars
Works for more than one instrument

When more than one instrument is involved, they are added to the form heading in parentheses in the following order: by instrument family name first, then within each family.

See the chart The order of instruments in subject headings [8]

Headings for two instruments use "and" to connect the names of the instruments:
650 0 Suites (Flute and violin)
650 0 Rondos (Violin and cello [49])

Headings for three or more instruments are given in the correct order, without the word "and":
650 0 Suites (Piano, flute, violin)
650 0 Rondos (Bassoon, clarinet, flute, horn, oboe)
650 0 Canons, fugues, etc. (Violin, viola, cello [49])

When there are two or more of one instrument, it is given in the plural and qualified by the number in parentheses:
650 0 Suites (Horn, trombone, trumpets (2), tuba)
650 0 Rondos (Cellos [49] (4))
650 0 Canons, fugues, etc. (Bassoons (8))
650 0 Sonatas (Unspecified instruments (2))

Headings for works for two instruments in which the keyboard instrument plays a chordal role (such as sonatas) or functions as the accompaniment, the keyboard instrument is given second, even though it is first on the list of instrumentation:
650 0 Sonatas (Flute and piano)

Medium of performance headings

Medium of performance headings are assigned to works that are not composed in a specific form of composition or in a form of composition not in LCSH (e.g., Polonaises, Fantasies, Preludes) or when the form heading in LCSH (e.g., Toccatas, Pavans, Galliards) is not to be qualified by medium of performance. Medium of performance headings for chamber music will usually include the names of the instruments or name of instrument families.

Form of the name of instruments in subject headings

Use "and" to connect the names of two solo instruments.
Use commas and no connecting word to connect the names of three or more solo instruments.
Use "with" preceding the name of a solo instrument or instrumental ensemble used as accompaniment.

The key of the instrument is not included in the subject heading. Use "clarinet" not "B♭ clarinet"; "trumpet" not "C trumpet," etc.

Instruments with indication of range (alto, tenor, bass, etc.) have different treatment in subject headings.

- Instruments such as alto clarinet, tenor trombone, all recorders, and all saxophones are always assigned the generic terms "clarinet," "trombone," "recorder," and "saxophone."
- Subject headings for some instruments include the indication of range in certain cases while headings for other instruments always include the indication of range. To determine whether to include designation of range, search for the authority record for the instrument followed by "music," e.g., Bass clarinet music. A 680 field will tell you how to use the term:
  - include the indication of range in certain cases
  - The term ":[alto, tenor, bass, etc.] [name of instrument]" is used as a medium of performance in headings for works for one or two solo instruments. In headings for other works that include ":[alto, tenor, bass, etc.] [name of instrument]", the generic term "[name of instrument]" is used as the
medium of performance.

bass clarinet, alto flute, bass trombone, contrabass clarinet, etc.: the term "bass clarinet," "alto flute," "bass trombone," "contrabass clarinet," etc., is used only in subject headings for works for one or two solo instruments, alone or accompanied by an ensemble. For headings for works for three or more instruments, the generic term "clarinet" is used.

- always include the indication of range

680 Here are entered compositions not in a specific form or of a specific type for solo [alto, tenor, bass, etc.] [name of instrument], and collections of compositions in several forms or types for [alto, tenor, bass, etc.] [name of instrument].

contrabassoon, alto horn, treble viol, etc.: all subject headings for works including these instruments include the full name of the instrument, not the generic form, e.g.: Brass quintets (Alto horn, baritone, cornets (2), tuba); Suites (Treble viols (2), tenor viol, continuo)

Subject authority records have been created for many, but not all, medium of performance subject headings. This does not mean that only those headings with authority records are valid for use. However, the name of the instrument(s) and ensemble must have been established. For example, the following subject headings: "Piccolo and saxophone music" and "Cello [49] with percussion ensemble" have not been established. They are valid subject headings because "piccolo," "saxophone," and "cello [49]" have all been established in subject heading records, as has "percussion ensembles." Note that the latter is in plural form in the subject authority record; it is used in the singular when it is an accompanying ensemble.

Examples of form and medium of performance subject headings

**One to two like instruments**

Unaccompanied works for solo instruments: the qualifier "unaccompanied" is not added to headings for instrumental music. It is added only to certain vocal subject headings [50].

If the work is a specific type for **one** instrument, use the subject heading for that type, qualified by the name of the instrument:

- Sonatas (Piano)
- Piano music

If the work is **not** a specific type for **one** instrument, use the medium of performance as the subject heading followed by "music":

- Violin music
- Sonatas (Pianos (2))
- Suites (Violins (2))

If the work is **not** a specific type for **two of the same** instrument, use the subject heading for that type, qualified by the name of the instrument:

- Piano music (Pianos (2))
- Violin music (Violins (2))

A work **not** of a specific type for **two pianos** being performed by **one** person is assigned the subject heading:

- Piano music (Pianos (2), 1 performer)

**Two different instruments**

If the work is a specific type for **two different** instruments, use the subject heading for that type, qualified by the names of the instruments. The names of the instruments will be connected by the word "and":

- Rondos (Flute and oboe)
- Suites (Horn and viola)

If the work is **not** a specific type for **two different** instruments, use the medium of performance as the subject heading. The names of the instruments will be connected by the word "and" and followed by "music":

- Flute and oboe music
- Horn and viola music

**One chordal instrument and one other instrument**

If the work is a specific type and the keyboard/plectral instrument plays a chordal role, use the subject heading for that type and name the keyboard/plectral instrument second:

- Sonatas (Flute and piano)
- Suites (Violin and harp)
If the work is **not** a specific type and the keyboard/plectral instrument plays a chordal role, use the medium of performance as the subject heading. The names of the instruments will be connected by the word "and", with the keyboard/plectral instrument named second:

<table>

</tr>

<tr>
<td>Piano, violin, cello [49]</td>
<td>Piano quartets</td>

<tr>
<td>violin, viola, cello [49]</td>
<td>String quartets</td>
</tr>
<tr>
<td>2 violins, viola, cello [49]</td>
<td>Rondos (Piano trio)</td>
</tr>
</tbody>
</table>

When the work is a **specific type of composition** (with the exception of sonatas), use the subject heading for that type, qualified by the medium of performance, using the terms from the right-hand column above in the **singular** form:

<table>
<thead>
<tr>
<th>Three instruments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rondos (Flutes (3))</td>
</tr>
<tr>
<td>String trios (Violins (3))</td>
</tr>
</tbody>
</table>

Similarly, "instrumental ensemble" is used in headings with medium of performance when the accompaniment is for two or more solo instruments belonging to different families. A subject heading with medium of performance for a work with piano trio accompaniment would include "with instrumental ensemble" **not** "with piano trio."

### Other chamber combinations

The following combinations of three to nine instruments are not standard chamber combinations. Specify the name and number when applicable of each instrument in the subject heading. The **number of percussion instruments** is not specified. See also One performer playing one piano, 1 hand with two to eight other instruments.

**Five Instruments**

If the work is **not** a specific type for **four different instruments from different families**, use "Quartets" as the subject heading. Name the instruments and the number of each:

<table>

**Six instruments**

If the work is a specific type (with the exception of sonatas) for **six instruments**, use the subject heading for that type, qualified by the name(s) and number of the instruments:

<tr>
<td>Rondos (Flutes (6))</td>
<td>Rondos (Flutes (7))</td>
</tr>
</tbody>
</table>

**Seven instruments**

If the work is a specific type (with the exception of sonatas) for **seven instruments**, use the subject heading for that type, qualified by the name(s) and number of the instruments:

<table>
<thead>
<tr>
<th>Family</th>
<th>Example</th>
</tr>

<tbody>
<tr>
<td>Wind septets (Flute, oboes (2), trumpets, violas (2))</td>

</tr>
<tr>
<td>Rondos (Flutes (7))</td>
<td>Rondos (Flutes (8))</td>

</tbody>
</table>

**Eight instruments**

If the work is a specific type (with the exception of sonatas) for **eight instruments**, use the subject heading for that type, qualified by the name(s) and number of the instruments:

<table>
<thead>
<tr>
<th>Family</th>
<th>Example</th>
</tr>

<tbody>
<tr>
<td>Wind octets (Flutes (2), horns (4), oboes (2))</td>

</table>
number of each:

If the work is not a specific type for eight different instruments from different families, use "Octets" as the subject heading. Name the instruments and the number of each (except for percussion):

- Octets (Flute, oboes (2), percussion, violins (2), viola)
- Octets (Piano, clarinet, flute, oboe, horn, tuba, violin, viola)

- Rondos (Flutes (9))
- Suites (Flutes (2), horns (2), oboes (2), violins (2), violas (2))
- String nonets (Violins (9))

- Nonets (Piano, bassoon, clarinet, flute, oboe, horn, tuba, violin, viola)

**Ten or More Instruments**

**One to a part**

Ensembles of ten or more solo instruments are given a term to describe the group of instruments, followed by "ensembles." The specific instrumentation is not designated.

- Rondos (Flute ensemble)

If the work is not a specific type for ten or more of the same solo instrument, use the descriptive term for the ensemble followed by "ensembles":

- Flute ensembles
- Violin ensembles

If the work is not a specific type for ten or more different solo instruments from the same family, use the descriptive term for the ensemble followed by "ensembles":

- Instrumental ensembles

**Two or more to a part**

Ensembles of ten or more of the same instruments, two or more to a part, are given the name of the instrument, followed by "choirs."

For ensembles ten or more different instruments, two or more to a part, follow the instructions for ten or more instruments, one to a part.

If the work is not a specific type for a large ensemble, use the medium of performance followed by "music":

One or more instruments accompanied by large ensemble
Concertos and concertinos accompanied by orchestra

**Percussion music**

Music for percussion instruments is treated differently in LCSH. According to the scope in the subject authority record for "Percussion music,“ the heading “The word ‘percussion’ may stand for any number of percussionists when used as a medium of performance or as accompaniment ... e.g., Concertos (Percussion); Percussion with orchestra; Songs with percussion“

There are different subject headings for works requiring one percussionist playing one instrument, one percussionist playing two or more instruments, and two or more percussionists, each playing one or more instruments. Subject headings for works including percussion and non-percussion instruments follow a different practice than that explained above (see works for more than one instrument).

**Music for 1 or more performers playing 1 or more percussion instrument:**

- **One percussionist**: 1 instrument | 2 or more instruments
- **Two or more percussionists**: one instrument | two or more instruments

One percussionist

One percussionist playing one instrument

If the work is a specific type for one percussionist playing one percussion instrument, use the subject heading for that type, qualified by the name of the instrument:

Music for one percussionist playing one unspecified solo percussion instrument and for collections of compositions for several different solo percussion instruments:

Chimes vs. tubular bells: "Chimes" is a generic subject heading; "Tubular bells" is a specific kind of chimes. Both are subject headings. The former term is used when no specific kind of chimes is indicated. When tubular bells are specified, use "tubular bells."

Music using non-musical instruments as instruments
The heading "Sound effects music" for music produced by means of various objects or devices not normally regarded as musical instruments.

See MCB, vol. 44, no. 1 [52] for a discussion of establishing subject headings for natural objects such as leaves, tree branches, sand, rocks, water, etc., taken "out of the wild" and used as musical instruments.

- Balloon and electronic music
- Radio receiver and piano music
- Guitar and computer music

Works for one or more non-musical instrument and two or more traditional instruments or soloists
For works not of a specific type for one non-musical instrument and two or more traditional instruments or soloists, use a form heading qualified by the names of the instruments following the order of instruments in subject headings [8].
- Trios (Electronics, sound effects)
- Quartets (Clarinet, flute, computer, double bass)
- Sextets (Clarinet, flute, keyboard controller, mallet controller, violin, cello [49])
- Septets (Piano, clarinet, flute, radio receiver, xylorimba, violin, cello [49])

Works for one non-musical instrument and accompanying ensemble
For works of a specific type for one non-musical instrument and accompanying ensemble, use the subject heading for that type qualified by the names of the non-traditional instrument. When the type is "concerto," specify the accompanying ensemble only if it is not orchestra:
- Concertos (Cellular telephone)
- Concertos (Saxophone and computer with chamber orchestra)

Works for two or more non-musical instruments of the same kind
For works either of a specific type for two or more non-musical instruments of the same kind, use the name of the instrument in the plural, qualified by number:
- Overtures (Computers (2))
- Overtures (Tin cans (4))

Works for two or more different non-musical instruments
For works not of a specific type for two or more different non-musical Sound effects music instruments, use the heading "Sound effects music":
- Songs (High voice) with sound effects
- Vocal quartets with computer.

Those darn electronic music headings!
Usual LC practice for pieces with tape is to treat "electronics" as an instrument. For a work for 4 percussionists and tape, the heading would be Quintets (Electronics, percussion) and the class would be M585. Since "electronics" appears in the Quintets heading, there is no need to add the second heading Electronic music. Current practice is to add Electronic music as a second heading only when the electronic element is not brought out in the main form/genre heading.
Source: very slightly modified from a message from Joe Bartl, LC, posted June 27, 2012, on MOUG-L

Solo electronic music
If the work is a specific type for electronics, use the subject heading for that type, qualified by "Electronics" enclosed in parenthesis:
- Suites (Electronics)
- Canons, fugues, etc. (Electronics)
- Electronic music

Duets with one traditional instrument or soloist
For works either of a specific type or not of a specific type for electronics and one traditional instrument or soloist use "_________ and electronic music" or "Electronic and __________ music," following the order of instruments in subject headings.

The qualifier is *not* used:

° when the only change in a work for **one or more solo instruments accompanied by large ensemble** is the reduction of the accompaniment for a keyboard instrument.

(See the examples “‡v Solo with ___________________” under **Free-floating musical presentation and medium of performance subdivisions** [55].)

° with subject headings that generally do not include medium of performance

(See **Musical form/genre headings that are not qualified by medium of performance** above), such as: 650 0 F anf are s.

650 0 Waltzes.

A second subject heading with the arranged medium of performance would be assigned:

650 0 Fanfares.

650 0 Trumpet and piano music, Arranged.

**Vocal music**

1. Generally, "., Arranged" is used for instrumental music. However, the qualifier may be used with subject headings for larger vocal forms that do not indicate medium of performance.

   Examples:
   650 0 Operas, Arranged.
   "‡v Instrumental settings" is generally used for vocal forms arranged for an instrumental medium:

   650 0 Brass octets (Trombones (8)), Arranged ‡v Scores and parts.
   650 0 Madrigals, Italian ‡v Instrumental settings.

2. The qualifier ", Arranged" is not added form/genre headings for the following vocal forms:

   Forms whose headings are usually qualified by type of chorus
   Works for solo singers or for one singer to a part.

**Other**

1. The qualifier is not used with subject headings for seasons, such as "Christmas music."

2. When only excerpts of a work have been arranged, the qualifier follows the subdivision "‡v Excerpts"

   650 0 Symphonies ‡v Excerpts, Arranged.

Choruses (Mixed voices)  no vocal group is implied; it must be stated
Songs (High voice)       no vocal range is implied; it must be stated
Masses  chorus is implied

**Subject headings for vocal music** may also indicate:

**number of voices:** Choruses, Secular (Mixed voices, 4 parts [11])

**type of accompaniment:** with piano
Unaccompanied

**secular or sacred use:**
Choruses, Secular
Songs [secular is implied]
Vocal trios [secular is implied]
Secular oratorios

Choruses, Sacred
Sacred songs
Sacred vocal trios
Oratorios [sacred is implied]

**Medium of performance headings** are *not* assigned to works that are

- not composed in a specific form of composition
  OR
- in a form of composition not in LCSH
  OR
- when the form heading in LCSH (eg. Psalms (Music)) is not to be qualified by medium of performance.

[» Note: It is not LCSH practice to bring out the medium of performance in the majority of headings assigned to popular music.]

**Subject headings for liturgical music** are added when applicable. Most are given in the singular, with no medium of performance:

Holy-week music.
Magnificat (Music)
Nunc dimittis (Music)
Song of Solomon (Music)
Christmas music.

These headings can also be assigned to instrumental music.

The subject heading "Psalms (Music)" is given in the plural, with no medium of performance. When appropriate, subdivide the heading by the specific psalm:

650 0 Psalms (Music) ‡v 23rd Psalm

The numbering in subject headings for psalms follows the Authorized version (e.g., the Hebrew and Protestant Bible) and to the table under BS1450 in the LC Classification schedule. [Wikipedia](https://en.wikipedia.org/wiki/Psalms) gives a summary:

- Catholic official liturgical texts follow the Greek numbering, but modern Catholic translations often use the Hebrew numbering, sometimes adding, in parenthesis the Greek numbering as well.
- Eastern Orthodox translations are based on the Greek numbering.
- Protestant translations are based on the Hebrew numbering.

A single instrument is named following the word "with":

- with accordion

The name of two of the same keyboard instrument follows the word "with" and is qualified with "(2)"

- with pianos (2)
- with harpsichords (2)

Use "keyboard instrument ensemble" when there are two different keyboard instruments:

*Note: previous practice was to name each, in alphabetical order:*

- with organ and piano

When there are

- two or more of the same non-keyboard instrument

use the instrumental family name followed by "ensemble":

- with string ensemble

This would include string quartets, quintets, etc.

OR

- two or more non-keyboard instruments from the same instrumental family [8]

use the instrumental family name followed by "ensemble":

- with woodwind ensemble

This would include woodwind quartets, quintets, etc.

When there are two or more instruments from different instrumental families (one to a part), use "instrumental ensemble":

- with instrumental ensemble

When there are two or more instruments from different instrumental families (two or more to a part), use the name of the ensemble:

- with orchestra

- with band

When there are two or more of the same solo instruments (one to a part), use the name of that instrument followed by "ensemble":

- with violoncello ensemble

_Songs_

The heading "Songs" implies secular; for sacred works use "Sacred songs". Note that "Sacred songs" is not in inverted order

- Songs
- Sacred songs

The range of the solo voice, when known, is indicated as high, medium, or low.

- Songs (High voice)
- Sacred songs (Low voice)

‡v 2- piano scores and ‡v Solo(s) with pianos (2) when used for works for solo instrument(s) and accompaniment of larger ensemble:

Use "‡v 2-piano scores" when the solo instrument is one type of keyboard instrument and the accompaniment has been arranged for that same instrument:
  Concertos (Piano) ‡v 2-piano scores
  Passacaglias (Piano with orchestra) ‡v 2-piano scores
  Concertos (Harpsichord) ‡v 2-harpsichord scores

However, when the solo instrument is one type of keyboard instrument, and the accompaniment is arranged for another type of keyboard instrument, use "‡v Solo(s) with (2)"

‡v 2-piano scores, ‡v 2-harpsichord scores, ‡v 2-organ scores, etc., are also used in subject headings for large works such as operas, ballets, etc.:
  Ballets "‡v 2-organ scores
  Operas ‡v 2-piano scores.

‡v Excerpts is used as a form subdivision under motion picture forms and genres and under forms and types of musical compositions, but not under headings for medium of performance.

‡v Excerpts, Arranged is used as a form subdivision under forms and types of musical compositions, but not under headings for medium of performance.

‡v Instructive editions vs. ‡v Teaching pieces:
From Glossary and General Guidelines [63] of Class M (Music):
Instructive edition: "an edition of a work heavily annotated with textual instructions about how to practice and interpret various passages. Do not class as instructive editions those that merely contain standard interpretive markings, fingering, etc., whether the composer's own or subsequently added."

Teaching piece: "a work composed principally for pedagogical purposes."

‡v Parts (solo): "Parts (solo)" is used for the solo part(s) in a concertante work.

‡v Scores and parts (solo) is used for the full score of a concertante work and the soloist's part only.

‡v Piano scores is used for arrangements for solo piano of works originally in a different medium of performance. This concept also applies to ‡v Piano scores (4 hands) (as opposed to the heading Piano music (4 hands), which is for original music for piano, 4 hands) and ‡v Organ scores.

**These subdivisions can be used in subject headings for:**

- printed music: the only free-floating subdivisions authorized for use with sound recordings in LCSH are headings for concertante work in which the orchestral accompaniment has been arranged for one or two keyboard instruments (e.g., piano, pianos (2), etc.): ‡ Solo with _________.
- collections of musical works or to individual musical works where the medium of performance is generally stated or implicit
- specific form/genre headings
- works for 2 or more instruments and performers
  Examples:
  - Oboe and violin music ‡v Scores.
  - Piano music (Pianos (2)) ‡v Scores.
- these collective headings:
  - Chamber music
  - Dramatic music
  - Instrumental music
  - Sacred vocal music
  - Vocal music

**These subdivisions cannot be used in subject headings for:**

- headings for music of special seasons, occasions, or styles, etc., or for specific texts that neither state nor imply medium of performance, in which the medium is not directly stated or implied.
  Examples:
  - Christmas music
  - Country music
  - Te Deum laudamus (Music)

- headings for types of works that are generally published in only one musical presentation or format:
  Examples:
  - Choruses
  - Sacred Choruses, Sacred
  - Secular Choruses, Secular
  - Masses, Sacred Masses, Sacred
  - Requiems, Sacred Requiems, Sacred
  - Songs, Sacred Songs, Sacred
  - Vocal duets, Sacred duets [trios, etc.], Sacred vocal duets [trios, etc.]
  - Vocalises, Sacred vocalises [trios, etc.], Sacred vocalises [trios, etc.]

- the subdivisions --Hymns; --Music; --Musical settings; and --Songs and music

**Geographical subdivision of music form/genre headings:**
H 364 of the Subject Cataloging Manual: Subject Headings (SCM): Headings for musical form/genre [64] and for medium of performance [38] may be subdivided geographically, to be assigned according to the following guidelines:

- use geographic subdivisions for collections of musical works, including multipart items, series, single items from any of these types, and topical materials.
- use them only when geographic focus is stated or implied in the title or series title of the item being cataloged.
- use a geographic subdivision under the most specific heading that is applicable to all or most of the works in the collection.
- assign more specific headings that may also be appropriate without geographic subdivision.

Geographic subdivisions are not used:

- for collections of works by a single composer
- following the subdivisions --Hymns; --Music; --Musical settings; and --Songs and music.

Don't confuse place with language.

- Language follows the heading after a comma, and is in adjective form.
- Place follows the heading in subfield z, and the form of the name of the place must match the form found in the authority file.

Qualifiers and subdivisions for instrumental music
Arranged: Subject Cataloging Manual section H 1160 prescribes the use of the qualifier "Arranged" for subject headings for instrumental music only. It is not added to headings for vocal music, such as songs and choruses. (For subject headings for arranged vocal works, see Subject headings for vocal music: Arrangements [65].) Add "Arranged" to a heading for the medium for which the piece has been arranged. However, the original medium of performance is used in the uniform title. These uniform title/subject heading combinations would be possible:

- **Original medium = flutes; arranged medium = clarinets:**
  uniform title: Trio, §m flutes (3), §r A major; §o arranged
  subject heading: Woodwind trios (Clarinet (3)), Arranged.

- **Original medium = violin and orchestra; arranged medium = viola and orchestra:**
  uniform title: Concertos, §m violin, orchestra, §n op. 61, §r D major; §o arranged
  subject heading: Concertos (Viola), Arranged.

- **Original medium = chorus and orchestra; arranged medium = brass quintet:**
  uniform title: Messiah, §p Hallelujah; §o arranged
  subject heading: Brass quintets (Horn, trombone, trumpets (2), tuba), Arranged.

$\textit{\$v Instrumental settings:}$ Use $\textit{$\$v$ Instrumental settings}$ after headings for vocal music that has been arranged for instruments:

- **Original medium = voice; arranged medium = woodwind trio:**
  Folk songs $\textit{$\$v$ Instrumental settings}$: Woodwind trios (Bassoon, flute, oboe), Arranged.

- **Original medium = voice, arranged medium = string quartet:**
  Spirituals (Songs) $\textit{$\$v$ Instrumental settings}$: String quartets, Arranged.

Chronological subdivisions:

The following chronological subdivisions are valid for use with music form or genre subject headings or with subject headings for collections of Western art music by two or more composers devoted to a specific period or century:

- $\textit{$\$y$ To 500}$: Note that $\textit{$\$y$ To 1800}$ is not a valid subdivision, but once was.
- $\textit{$\$y$ 500-1400}$
- $\textit{$\$y$ 15th century}$: Note that $\textit{$\$v$ Early works to 1800}$ [62] is not a chronological subdivision, but a form/topical subdivision.
‡y 16th century
‡y 17th century
‡y 18th century
‡y 19th century
‡y 20th century

These chronological subdivisions are not valid for use under form/genre headings for musical works:
° when the period or century is referred to only in a series statement
° for works by one composer
° for individual musical works
° in headings for folk or non-Western music
° following the subdivisions --Hymns; --Music; --Musical settings; and --Songs and music

### Qualifiers and subdivisions for instrumental music

**Arranged:** Subject Cataloging Manual section H 1160 prescribes the use of the qualifier "Arranged" for subject headings for instrumental music only. It is not added to headings for vocal music, such as songs and choruses.
(For subject headings for arranged vocal works, see Subject headings for vocal music: Arrangements.[65]) Add "Arranged" to a heading for the medium for which the piece has been arranged. However, the original medium of performance is used in the uniform title. These uniform title/subject heading combinations would be possible:

**Original medium = flutes; arranged medium = clarinets:**

### The order of instruments in subject headings

[Music Cataloging at Yale][1] ? Subject cataloging [30]

The order of instruments is by instrument family, then within each family:
The LC Subject Cataloging Manual instruction sheet 1917.5, Music form/genre headings: medium of performance, under 2. Solo instruments in headings: Order of solo instruments gives the following instructions:

Assign the names of up to nine solo instruments in the following order:
1. keyboard instruments,
2. wind instruments,
3. plucked instruments,
4. percussion, electronic, and other instruments,
5. bowed stringed instruments,
6. unspecified instruments,
7. continuo.

Within each category, give the instruments in alphabetical order with the exception of bowed stringed instruments; give these in score order, high to low, basing the order on the range of each instrument as described in standard music reference sources.

Continuo is given as the last element of the subject element rather than as a keyboard instrument.
For a more complete list of woodwinds, see Woodwind instruments [67]

Alphabetize before adding "s" for plural:
use oboes (2), oboe d'amore
not oboe d'amore, oboes (2)
because "obo" (in the singular) would alphabetize before "obo d'amore"

For a more complete list of brasses, see Brass instruments [68]

For a more complete list of plucked instruments, see Plucked instruments [69]

"Other" includes bagpipes, bandoneon, carillon, cimbalon, harmonica, hurdy-gurdy, zither, etc. Computer, electronics, synthesizer, and electronic instruments that do not have acoustic equivalents (e.g., ondes Martenot) also fall in this category. Non-musical instruments [70] (e.g., glass music, balloon, etc.) are included here.
For a more complete list, see M145-M175 in Class M.

Note: accordion and celesta are no longer considered percussion instruments for the purposes of subject headings.
For a more complete list of percussion instruments, see Percussion, electronic, and other [72]

Bowed strings
violin
viola
cello
double bass

Note: based on LC practice, the order of modern and early bowed string instruments is:
» violin, lyra viol, viol, viola d'amore, viola da gamba, violone,
» pardessus de viole precedes viola d'amore
» viola d'amore precedes gamba
» baryton is placed inconsistently in LC practice
Accordion and celesta previously were considered to be percussion instruments. The Library of Congress Cataloging Policy and Support Office Weekly subject heading list 13 (March 31, 2004) [72] reported the change in order of accordion in sh8594021 and Weekly subject heading list 17 (April 28, 2004) [73] announced the change in the subject authority record for celesta (sh85-21624) from "classified as a metallophone" to "regarded by New Grove as a keyboard instrument" and "played by the pianist."

violoncello/cello: On 2/21/13, The Library of Congress Policy and Standards Division announced that they will revise subject headings that include the word "violoncello" and "violoncellos" to "cello" and "cellos" and its derivatives (e.g., Violoncello makers, Violoncellists) to reflect RDA's preference for the word "cello."

"Other" instruments:
In LC class M175.A-Z, the following instruments are among those listed under "Percussion instruments. Other instruments":
- accordion, autopharp, bandoneon, dulcimer, harmonica, hurdy-gurdy, Jew's harp, musical saw

In LC class ML1083-1091, the following instruments are listed as "other":
- accordion, bandoneon, concertina, glass harmonica, hurdy-gurdy, Jew's harp, mouth organs (including harmonica)

Glass harmonica, hurdy-gurdy, and Jew's harp are consistently treated as "other":
- sh 85109528 Quartets (Flute, glass harmonica, viola, cello)
- sh 85109941 Quintets (Flute, oboe, glass harmonica, viola, cello)
- 97702161 Quintets (Piano, glass harmonica, percussion, violin, cello)
- 90755006 Quintets (Harpischord, recorder, trumpet, hurdy-gurdy, cello)
- sh 85010975 Bagpipe and hurdy-gurdy music
- sh 87002867 Hurdy-gurdy and violin music
- sh 85092265 Nonets (Clarinet (2), horns (2), hurdy-gurdies (2), violas (2), cello)
- sh 86007666 Concertos (Mandola and Jew's harp with string orchestra)
- sh 2003010592 Mandola and Jew's harp music

However, accordion, bandoneon, and concertina are considered keyboard instruments in subject headings. In recent LC original cataloging (but not LC copy cataloging), LC consistently treats these instruments as keyboard instruments:
- 2005441595 Quintets (Bandoneon, piano, electric guitar, violin, double bass)
- 2005441519 Sextets (Bandoneon, piano, saxophone, guitar, percussion, double bass)
- 97702511 Octets (Accordion, piano, clarinet, flute, guitar, mandolin, percussion, double bass)
- 2005530240 Nonets (Bandoneon, piano, electric guitar, harp, violins (2), viola, cello, double bass)

Older LC original cataloging that was recently revised also follows this practice:
- 87752935 Trios (Accordion, piano, flute)
- 87752905 Trios (Accordion, piano, percussion)
- 87752935 Quartets (Accordion, piano, violin, cello)
