information was taken from a source outside the resource itself.

Include any preposition appearing with the place name that is required to make sense of the statement.

If the place name as transcribed is known to be fictitious, or requires clarification, make a note giving the actual place name, etc.

More than one place of production, publication, distribution, and manufacture

If more than one place of production, publication, distribution, or manufacture is named on the source of information, record the place names in the order indicated by the sequence, layout, or typography of the names on the source of information.

Examples:

2011568072 Mainz ; ‡a London ; ‡a Berlin ; ‡a Madrid ; ‡a New York ; ‡a Tokyo ; ‡a Toronto

If there are two or more producers, publishers, distributors, or manufacturers, and two or more places associated with one or more of them, record the place names associated with each producer, publisher, distributor, or manufacturer in the order indicated by the sequence, layout, or typography of the place names on the source of information.

Place of production, publication, distribution, and manufacture in more than one language or script

If the place of production, publication, distribution, or manufacture appears on the source of information in more than one language or script, record the form that is in the language or script of the title proper. If this criterion does not apply, record the place name in the language or script that appears first.

Place of production, publication, distribution, and manufacture not identified in the resource

If the place of production, publication, distribution, or manufacture is not identified in the resource, supply the place or probable place of production, publication, distribution, or manufacture as instructed below. Indicate that the information was taken from a source outside the resource itself as instructed under "[7].

Note that according to D1.2.1, "when adjacent elements within one area are to be enclosed in square brackets, enclose each in its own set of square brackets."

If neither a known nor a probable local place or country, state, province, etc., of production, publication, distribution, or manufacture can be determined, record the place or country, state, province, etc., of production, publication, distribution, or manufacture as identified, Place of publication not identified, Place of distribution not identified, or Place of manufacture not identified.

Examples:
2011568079 [Place of publication not identified]
2012562168 London : ‡b Boosey & Hawkes ; ‡a [Place of distribution not identified]

LC-PCC PS: (2.8.2.6) LC practice/PCC practice: Supply a probable place of production, publication, distribution, or manufacture as possible rather than give "[Place of publication not identified]."

Best practices for music cataloging [4]: Follow LC-PCC PS. Interpret "if possible" to mean "if feasible."

Known place of production (2.7.2.6.1), publication (2.8.2.6.1), distribution (2.9.2.6.1), and manufacture (2.10.2.6.1)

Concerning place of production, publication, distribution & manufacture statements and copyright date (RDA 2.7-2.11)

Published on Yale University Library (https://web.library.yale.edu)

If the place of production, publication, distribution, or manufacture is uncertain, supply the name of the probable local place. Include the name of the larger jurisdiction for identification.

If only the local place name is supplied, follow it with a question mark. If the name of the larger jurisdiction is included, and the place of production, publication, distribution, or manufacture is known to be within that jurisdiction, but the locality within that jurisdiction is uncertain, add a question mark following the name of the probable local place. Otherwise, add a question mark following the name of the larger jurisdiction.

Example:
2012564321 [Mallorca, Spain?]

Best practices for music cataloging [4]: Transcribe the names of publishers of early printed resources as published in the preferred source. If feasible, transcribe the names of all publishers of the item. Transcribe in 264 [3] _1 ‡b or 260 ‡b.

If an audio/video recording bears both the name of the publishing company and a trade name or brand name used by a subdivision of that company or a trade name or brand name used by another, transcribe both names. Note that there is no option to transcribe a publisher name in the "shortest form in which it can be understood and identified internationally." Thus, when in doubt as to whether a presentation of two names in the same source represents a publishing company and a subdivision of that company or a trade name or brand name used by that company, or whether it represents two unrelated publishers, transcribe both names as separate publishing companies, or as a publisher and distributor, when distributing a resource in a published form.

Date of production, publication, distribution, and manufacture
Date of:
(2.7.6.1) production
(2.8.6.1) publication
(2.9.6.1) distribution
(2.10.6.1) manufacture
is associated with the:
inscription, fabrication, construction, etc., of a resource in an unpublished form.
production, release, or issuing of a resource.
distribution of a resource in a published form.
date of manufacture is a core element for a resource in a published form if neither the date of production nor the copyright date is identified.
Date of manufacture is a core element for a resource in a published form if the date of publication is not identified.
Date of manufacture is a core element for a resource in a published form if the date of distribution, nor the copyright date is identified.

Sources of information for date of production, publication, distribution, and manufacture
(2.7.6.2) production
(2.8.6.2) publication
(2.9.6.2) distribution
(2.10.6.2) manufacture
Take date of production (2.7.6.2) and date of manufacture (2.10.6.2)
Take date of publication (2.8.6.2) and date of distribution (2.9.6.2) (in order of preference):
° a) the same source as the title proper (2.3.2.2 [5])
° b) another source within the resource itself (2.2.2 [6])
° c) one of the other sources of information specified under 2.2.4
For multipart monographs and serials, take the beginning and/or end date from the first and/or last released issue or part, or from another source.

Best practices for music cataloging [4]: 2.7.6: record date of production
Alternatively, record date of production in 260 ‡c.
Best practices for music cataloging [4]: 2.10.6: Follow LC-PCC PS, that is, routinely infer a publication date from a date of manufacture and/or copyright date. Do this even if also giving date of manufacture separately in 264 [3] _2 ‡c or 260 ‡g.
Example:
2012563758 2011
If the date as it appears in the resource is not of the Gregorian or Julian calendar, add the corresponding date or dates of the Gregorian or Julian calendar. Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4 [7].
If the date as it appears in the resource is known to be fictitious or incorrect, make a note giving the actual date (2.20.6.3).

Chronograms
A chronogram is a sentence or inscription in which specific letters, interpreted as numerals, stand for a particular date when rearranged. If the date of production (2.7.6.4), publication (2.8.6.4), distribution (2.9.6.6), or manufacture (2.10.6.4) as it appears on the source of information is in the form of a chronogram, transcribe the chronogram as it appears.
Optional addition:
Add the date in numerals (in the script and calendar preferred by the agency preparing the description). Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4 [7].
Alternative:
In place of the chronogram, record a supplied date in numerals (in the script and calendar preferred by the agency preparing the description). Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4 [7].
Make a note giving the chronogram if it is considered to be important for identification (2.20.6.3, 2.20.7.3, 2.20.8.3, 2.20.9.3).

Multipart monographs, serials, and integrating resources
If the first issue, part, or iteration of a multipart monograph, serial, or integrating resource is available, record the date of production, publication, distribution, or manufacture, followed by a hyphen.
If production, publication, distribution, or manufacture of the resource is complete and the first and last issues, parts, or iterations are available, record the production of those issues, parts, or iterations, separated by a hyphen.
If production, publication, distribution, or manufacture of the resource is complete and the last issue, part, or iteration is available, but not the first, record the production date of the last issue, part, or iteration, preceded by a hyphen.
If the date of production, publication, distribution, or manufacture is not available, supply an approximate date or dates as a final resort.
If the first and/or last issue, part, or iteration of production, publication, distribution, or manufacture is not available, supply an approximate date or dates as a final resort.
Recording production, publication, distribution & manufacture statements and copyright date (RDA 2.7-2.11)

Published on Yale University Library (https://web.library.yale.edu)

given under 2.7.6.6, 2.8.6.6, 2.9.6.6, or 2.10.6.6.

If the date or dates of publication, distribution, or manufacture cannot be approximated, do not record a date of publication, distribution, or manufacture.

**Date** of production, publication, distribution, or manufacture not identified in a single-part resource

If the date of production, publication, distribution, or manufacture is not identified in the single-part resource, supply the approximate date of production, publication, distribution, or manufacture. Apply the instructions on supplied dates given under 1.9.2[8].

Note that according to D1.2.1, "when adjacent elements within one area are to be enclosed in square brackets, enclose each in its own set of square brackets."

**Examples:**
- 2012564266 [1995?]
- 2013561035 [not after 2004]
- 2012560221 [not before 1772]
- 2013560310 [between 1995 and 2012]
- 2012564398 [January 2004]

If the date or an approximate date of production, publication, distribution, or manufacture for a single-part resource cannot reasonably be determined, record date of production not identified, date of publication not identified, date of distribution not identified, or date of manufacture not identified.

**Best practices for music cataloging** [4]: 2.8.6.6: Follow LC-PCC PS. Copyright date (whether © or P) is a separate element in RDA. It may be used to indicate a date that may not "stand in" as one. Give such inferred dates in square brackets, even if it is the same as the stated or inferred publication date separately, even if it is the same as the stated or inferred publication date. Give both dates in 260/264 [3] ‡c. See 2.11 for guidelines on selecting and recording copyright dates.

**Examples:**
- 2012563883 [2002]

If the resource is in an unpublished form (e.g., a manuscript, a painting), record nothing in the date of distribution element.

**Copyright date** (2.11)

(2.11.1.1) A copyright date is a date associated with a claim of protection under copyright or a similar regime.

Copyright dates include phonogram dates (P)(i.e., dates associated with claims of protection for sound recordings). Copyright date is a core element if neither the date of publication nor the date of distribution is identified.

(2.11.1.2) **Sources of information for copyright date**

Take information on copyright dates from any source.

(2.11.1.3) **Recording copyright dates**

Record copyright dates applying the general guidelines on numbers expressed as numerals or as words given under 1.8[9].

Precede the date by the copyright symbol (©) or the phonogram symbol (P), or by copyright or phonogram if the appropriate symbol cannot be reproduced. If the resource has multiple copyright dates that apply to:

- various aspects (e.g., text, sound, graphics):
- a single aspect (e.g., text, sound, or graphics):

Optional addition:

Make a note giving the other copyright dates (2.20.10.3) or record the other dates as copyright dates of related manifestations (27.1).

**LC-PCC PS:** Record a copyright date for a single-part monograph if neither the date of publication nor the date of distribution is identified. It is not required to record copyright dates for multipart monographs, serials, and integrating resources.

**Best practices for music cataloging** [4]: Follow LC-PCC PS, that is, generally do not record copyright dates for incomplete multivolume monographs.

For notated music:

° Routinely record the latest copyright date, either following a transcribed or inferred publication date in 264 [3] ‡c or 260 [3] ‡c.
° Do not transcribe a copyright renewal date as the copyright date.
° Do not transcribe a date of copyright transfer as the copyright date.

For audio recordings:
° Record the latest phonogram copyright date either in a separate 264 [3] ‡c, or following a transcribed or inferred publication date in 260 ‡c.
° Code Date type and Dates 1 and 2 [10] in 008/06-14 as appropriate.

Note: According to MARC 21 format for bibliographic data: 008: all materials [11], 06 - Type of date/Publication status, t - Publication date and copyright date: “Deposit dates (i.e., those preceded by “D.L.” (Dépot légal), etc.) may be treated as copyright dates.”
