Recording production, publication, distribution & manufacture statements and copyright date (RDA 2.7-2.11)

Note: this page was created with music cataloging in mind.

Place and Parallel place of production, publication, distribution, and manufacture
Name and Parallel name of producer, publisher, distributor, and manufacturer
Date of of production, publication, distribution, and manufacture
Copyright date

See also Production, publication, distribution, manufacture, and copyright notice (MARC 264) [3]

(2.7.1.1) production statement:
° the place(s) of production, producer(s), and date(s) of production of a resource in an unpublished form.
° includes statements relating to the inscription, fabrication, construction, etc., of a resource in an unpublished form.

(2.8.1.1) publication statement:
° identifies the place(s) of publication, publisher(s), and date(s) of publication of a resource.
° includes statements relating to the publication, release, or issuing of a resource.

(2.9.1.1) distribution statement:
° identifies the place(s) of distribution, distributor(s), and date(s) of distribution of a resource in a published form.

(2.10.1.1) manufacture statement:
° identifies the place(s) of manufacture, manufacturer(s), and date(s) of manufacture of a resource in a published form.
° includes statements relating to the printing, duplicating, casting, etc., of a resource in a published form.

Facsimiles and reproductions

For a facsimile or reproduction that has a production statement, publication statement, distribution statement, or manufacture statement:
° the production, publication, distribution, or manufacture statement or statements relating to the facsimile or reproduction record:
° any production, publication, distribution, or manufacture statement relating to the original as pertaining to a related manifestation

Recording statements of production, publication, distribution, and manufacture

(2.7.1.4) production statement for a resource that is in an unpublished form (e.g., a manuscript, a painting, a sculpture, a locally made recording).
° transcribe places of production and producers' names in the form in which they appear on the source of information.

(2.8.1.4) publication statement:
° transcribe places of publication and publishers' names in the form in which they appear on the source of information.

(2.9.1.4) distribution statement:
° transcribe places of distribution and distributors' names in the form in which they appear on the source of information.

(2.10.1.4) manufacture statement for a resource that is in a published form:
° record a manufacture statement or statements if neither the publisher's name nor the distributor's name is identified, and/or if neither the date of publication nor date of distribution is identified.

Optional omission for recording statements of production, publication, distribution, and manufacture: Omit levels in a corporate hierarchy that are not required to identify the producer, publisher, distributor, or manufacturer.

LC practice/PCC practice for Optional omission: Generally do not omit levels in corporate hierarchy.

Place of production, publication, distribution, and manufacture
If more than one place of publication (2.8.2), distribution (2.9.2), or manufacture (2.10.2) appears on the source of information, only the first recorded is required.

Place of:

**production**

**publication**

If more than one place of publication appears on the source of information, only the first recorded is required.

**distribution**

Best practices for music cataloging [4]: If transcribing a distribution statement separately from a publication statement, record it in 264 [3] _2. It is usually not necessary to record a separate date of distribution if date of publication and copyright are already recorded. When in doubt as to whether a person, family or corporate body is functioning as publisher or distributor, transcribe the name as a publisher's name.

**manufacture**

LC-PCC PS: (2.10) LC practice: If manufacture data elements are being given in lieu of missing publication and missing distribution elements, give a complete manufacture statement.

Best practices for music cataloging [4]: Follow LC-PCC PS: Record place of manufacture in 264 [3] _3 ‡a or 260 ‡e.

Sources of information for place of production, publication, distribution, and manufacture

Take places of production (2.7.2.2), publication (2.8.2.2), distribution (2.9.2.2), and manufacture (2.10.2.2) from the following sources (in order of preference):

° a) the same source as the producer's name (2.7.4.2), publisher's name (2.8.4.2), distributor's name (2.9.4.2), or manufacturer's name (2.10.4.2)

» a) the same source as the title proper (2.3.2.2 [5])

» b) another source within the resource itself (2.2.2 [6])

» c) one of the other sources of information specified under 2.2.4

° b) another source within the resource itself (2.2.2 [6])

° c) one of the other sources of information specified under 2.2.4.

Recording place of production, publication, distribution, and manufacture

Include both the local place name (city, town, etc.) and the name of the larger jurisdictions (state, province, etc., and/or country) if present on the source of information.

Examples:

20135600372 New York, NY
2011922634 New York, New York
2011564848 N.Y.C.
2012564238 Boston, Massachusetts
2012560046 Bryan, Tx
2011567284 Woodstock, IL
2013560454 Corvallis, OR, USA
2013561038 Asbury Park, NJ, USA
2013560449 Lake Forest, Illinois, U.S.A.
2011568265 Oxford, England

Optional additions: Include the full address as part of the local place name to be important for identification or access. Supply the name of the larger jurisdiction (state, province, etc., and/or country) if it is considered to be important for identification. Indicate that the information was taken from a source outside the resource itself.
Include any preposition appearing with the place name that is required by the statement.
If the place name as transcribed is known to be fictitious, or requires clarification, make a note giving the actual place name, etc.

More than one place of production, publication, distribution, and manufacture
(2.7.2.4) production
(2.8.2.4) publication
(2.9.2.4) distribution
(2.10.2.4) manufacture

If more than one place of production, publication, distribution, or manufacture is named on the source of information, record the place names in the order indicated by the sequence, layout, or typography of the names on the source of information.

Examples:
2011477410 Kassel ; ‡a Basel ; ‡a London ; ‡a New York ; ‡a Praha
2011568072 Mainz ; ‡a London ; ‡a Berlin ; ‡a Madrid ; ‡a New York ; Tokyo ; ‡a Toronto

If there are two or more producers, publishers, distributors, or manufacturers associated with one or more of them, record the place names associated with each producer, publisher, distributor, or manufacturer in the order indicated by the sequence, layout, or typography of the place names on the source of information.

Place of production, publication, distribution, and manufacture in more than one language or script
(2.7.2.5) production
(2.8.2.5) publication
(2.9.2.5) distribution
(2.10.2.5) manufacture

If the place of production, publication, distribution, or manufacture appears on the source of information in more than one language or script, record the form that is in the language or script of the title proper. If this criterion does not apply, record the place name in the language or script that appears first.

Place of production, publication, distribution, and manufacture not identified in the resource
(2.7.2.6) production
(2.8.2.6) publication
(2.9.2.6) distribution
(2.10.2.6) manufacture

If the place of production, publication, distribution, or manufacture is not identified in the resource, supply the place or probable place of production, publication, distribution, or manufacture as instructed below. Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4[7].
Note that according to D1.2.1, "when adjacent elements within one area are to be enclosed in square brackets, enclose each in its own set of square brackets."

Examples:
2011568079 [Place of publication not identified]
2012562168 London : ‡b Boosey & Hawkes ; ‡a [Place of distribution not identified]

LC-PCC PS: (2.8.2.6) LC practice/PCC practice: Supply a probable place rather than give "[Place of publication not identified]."
Best practices for music cataloging [4]: Follow LC-PCC PS. Interpret "if possible" to mean "if feasible."

Known place of production (2.7.2.6.1), publication (2.8.2.6.1), distribution (2.9.2.6.1), and manufacture (2.10.2.6.1)
If the place of production, publication, distribution, or manufacture is known, supply the local place name (city, town, etc.). Include the name of the larger jurisdiction as necessary for identification.

Examples:
2013560266 [New York]
2012560043 [King of Prussia, Pennsylvania]
2010619286 [San Juan, Puerto Rico]
2012564320 [Mallorca, Spain]

Probable place of production (2.7.2.6.2), publication (2.8.2.6.2), distribution (2.9.2.6.2), and manufacture (2.10.2.6.2)
If the place of production, publication, distribution, or manufacture is
of the probable local place. Include the name of the larger jurisdiction if necessary for identification.

If only the local place name is supplied, follow it with a question mark. If the name of the larger jurisdiction is included, and the place of production, publication, distribution, or manufacture is known to be within that jurisdiction, but the locality within that jurisdiction is uncertain, add a question mark following the name of the probable local place. Otherwise, add a question mark following the name of the larger jurisdiction.

Example:
2012564321 [Mallorca, Spain?]

**Known country, state, province, etc., of production (2.7.2.6.3), publication (2.8.2.6.3), distribution (2.9.2.6.3), or manufacture (2.10.2.6.3)**

If the probable local place is unknown, supply the name of the country, state, province, etc.

Example:
2012563872 [United States]

**Probable country, state, province, etc., of production (2.7.2.6.4), publication (2.8.2.6.4), distribution (2.9.2.6.4), or manufacture (2.10.2.6.4)**

If the country, state, province, etc., of publication, distribution, or manufacture is uncertain, supply the name of the probable country, state, province, etc., followed by a question mark.

Example:
2012564297 [United States?]

**Parallel place of production, publication, distribution, and manufacture**

A parallel place of production (2.7.3), publication (2.8.3), distribution (2.9.3), or manufacture (2.10.3) is in a language and/or script that differs from that recorded in the place of production, publication, distribution, and manufacture elements.

**Sources of information for parallel place of production, publication, distribution, and manufacture**

Take parallel places of production (2.7.3.2), publication (2.8.3.2), distribution (2.9.3.2), or manufacture (2.10.3.2) from the following sources (in order of preference):

° a) the same source as the place of production, publication, distribution, and manufacture, if recorded in the same order as printed,
° b) another source within the resource itself (2.2.2 [6]),
° c) one of the other sources of information specified under 2.2.4 [7].

**Recording parallel place of production, publication, distribution, and manufacture**

Record parallel places of production (2.7.3.3), publication (2.8.3.3), distribution (2.9.3.3), or manufacture (2.10.3.3) applying the basic instructions on recording production (2.7.1), publication (2.8.1), distribution (2.9.1), and manufacture (2.10.1) statements.

If there is more than one parallel place of production, publication, distribution, or manufacture, record the names in the order indicated by the sequence, layout, or typography of the names on the source or sources of information.

**Name of producer, publisher, distributor, and manufacturer**

If more than one publisher's name (2.8.4), distributor's name (2.9.4), or manufacturer's name (2.10.4) appears on the source of information, only the first recorded is required.

**Name of:**

(2.7.4) producer
(2.8.4) publisher
(2.9.1) distributor
(2.10.4) manufacturer

If an audio/video recording bears both the name of the publishing company and a subdivision of that company or a trade name or brand name used by that company (i.e., a "label" in the case of audio recordings), give the name of the subdivision or the trade name or brand name as the name of the publisher.
Note that there is no option to transcribe a publisher name in the "shortest form in which it can be understood and identified internationally." Thus, when in doubt as to whether a presentation of two names in the same source represents a publishing company and the name of a subdivision of that company or a trade name or brand name used by it, represent both names as separate publishers.

Sources of information for name of producer, publisher, distributor, and manufacturer

- **producer**
- **publisher**
- **distributor**
- **manufacturer**

**Recording producers', publishers', distributors', and manufacturers' names**

Take name of producer (2.7.4.4), publisher (2.8.4.4), distributor (2.9.4.4), and manufacturer (2.10.4.4) from the following sources (in order of preference):

a) the same source as the title proper (2.3.2.2)
b) another source within the resource itself (2.2.2)
c) one of the other sources of information specified under 2.2.4.

**Best practices for music cataloging [4]:** 2.10.4. Manufacturer's name: Record manufacturer's name in 264_2 ‡b or 260 ‡f.

**Examples:**

**Publisher:**
- 2012439060 L'Harmattan
- 2011568088 Neil A. Kjos Music Company
- 2012563886 Dan Coleman/Crowded Air Music (BMI)
- 2012564342 M. Witmark & Sons
- 2012562026 Published by Irma Von Lackey
- 2013560449 Tropp Music Editions, LLC
- 2012571074 Chez Mme. Lemoine & Cie
- 2012560036 chez Adolphe Martin Schlesinger
- #785504701 Amadeus Verlag : ‡b Bernhard Päuler

**Distributor:**
- 2012562449 Exclusively distributed by Hal Leonard Corporation
- 2013560322 Administered exclusively by G. Schirmer, Inc.
- #827561203 Maryland Heights, MO : ‡b Exclusively distributed by K.
- 2013560320 G. Schirmer, Inc.

**Manufacturer:**
- 2012563742 Printed by Osiris Publication

**Statement of function of producer, publisher, distributor, and manufacturer**

- **producer**
- **publisher**
- **distributor**
- **manufacturer**

Record words or phrases indicating the function performed by a person, family, or corporate body as they appear on the source of information.

**Optional addition:** If the function of a person, family, or corporate body recorded in the producer's, publisher's, distributor's, or manufacturer's name sub-element is not stated explicitly or is not clear from the context, add a term indicating the function. Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4.

**Best practices for music cataloging [4]:** 2.8.4.4. Publisher's name, statement of function:

Generally do not apply the optional addition.

More than one producer, publisher, distributor, and manufacturer
If transcribing a separate distributor statement in a resource, or if the publisher cannot be identified from other sources as specified under "producer not identified," transcribe the distributor name in square brackets in 264. If not transcribing a separate distributor statement in a resource, and it is believed the distributor is also the publisher, record "[publisher not identified]" in 264.

**Best practices for music cataloging** [4]: If transcribing a separate distributor statement in a resource, or if the publisher cannot be identified from other sources as specified under "producer not identified," transcribe the distributor name in square brackets in 264. If no manufacturer is named within the resource itself, record "[manufacturer not identified]" in 264. If more than one person, family, or corporate body is named as a producer, publisher, distributor, or manufacturer of the resource, record the producers', publishers', distributors', or manufacturers' names in the order indicated by the sequence, layout, or typography of the title proper. If this criterion does not apply, record the name in the order that appears first.

For a resource in a published form, if no publisher is named within the resource itself, record "[publisher not identified]" in 264. If no manufacturer is named within the resource itself, record "[manufacturer not identified]" in 264. If more than one producer, publisher, distributor, or manufacturer appears on the source of information, record each in its own set of square brackets.

A parallel producer's (2.7.5.1), publisher's (2.8.5.1), distributor's (2.9.5.1), or manufacturer's (2.10.5.1) name is a producer's name, publisher's name, distributor's name, or manufacturer's name in a language and/or script that differs from that recorded in the producer's, publisher's, distributor's, or manufacturer's name elements. Take parallel name of producer, publisher, distributor, and manufacturer from the following sources (in order of preference):

* a) the same source as the name of producer, publisher, distributor, and manufacturer,
* b) another source within the resource itself 2.2.2 [6]),
* c) one of the other sources of information specified under 2.2.4 [7].

Record parallel name of producer, publisher, distributor, and manufacturer on the source or sources of information.

**Date of production, publication, distribution, and manufacture**

**Date of:**
- production (2.7.6.1)
- publication (2.8.6.1)
- distribution (2.9.6.1)
- manufacture (2.10.6.1)

Take date of production (2.7.6.2) and date of manufacture (2.10.6.2) as instructed under 2.2.4 [7].
Take date of publication (2.8.6.2) and date of distribution (2.9.6.2) in order of preference:

° a) the same source as the title proper (2.3.2.2)

° b) another source within the resource itself (2.2.2)

° c) one of the other sources of information specified under 2.2.4.

For multipart monographs and serials, take the beginning and/or ending date of publication from the first and/or last released issue or part, or from another source.

Recording date of production, publication, distribution, and manufacture

(2.7.6.3) production  
(2.8.6.3) publication  
(2.9.6.3) distribution  
(2.10.6.3) manufacture

Record date of production (2.7.6.3), publication (2.8.6.3), distribution (2.9.6.3), and manufacture (2.10.6.3) applying the basic instructions on recording statement of production (2.7.1), publication (2.8.1), distribution (2.9.1), and manufacture (2.10.1).

Best practices for music cataloging [4]: 2.7.6: record date of production. Alternatively, record date of production in 260 _c.

Best practices for music cataloging [4]: 2.10.6: Follow LC-PCC PS, that is, routinely infer a publication date from a date of manufacture and/or copyright date. Do this even if also giving date of manufacture separately in 264 _2 c or 260 _g.

Example:
2012563758 2011

If the date as it appears in the resource is not of the Gregorian or Julian calendar, add the corresponding date or dates of the Gregorian or Julian calendar. Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4.

If the date as it appears in the resource is known to be fictitious or incorrect, make a note giving the actual date (2.20.6.3).

Chronograms

A chronogram is a sentence or inscription in which specific letters, interpreted as numerals, stand for a particular date when rearranged.

(2.7.6.4) production  
(2.8.6.4) publication  
(2.9.6.6) distribution  
(2.10.6.4) manufacture

If the date of production (2.7.6.4), publication (2.8.6.4), distribution (2.9.6.6), or manufacture (2.10.6.4) as it appears on the source of information is in the form of a chronogram, transcribe the chronogram as it appears.

Optional addition:
Add the date in numerals (in the script and calendar preferred by the agency preparing the description). Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4.

Alternative:
In place of the chronogram, record a supplied date in numerals (in the script and calendar preferred by the agency preparing the description). Indicate that the information was taken from a source outside the resource itself as instructed under 2.2.4.

Make a note giving the chronogram if it is considered to be important for identification (2.20.6.3, 2.20.7.3, 2.20.8.3, 2.20.9.3).

Multipart monographs, serials, and integrating resources

(2.7.6.5) production  
(2.8.6.5) publication  
(2.9.6.5) distribution  
(2.10.6.5) manufacture

If the first issue, part, or iteration of a multipart monograph, serial, or integrating resource is available, record the date of production, publication, distribution, or manufacture of that issue, part, or iteration, followed by a hyphen.

If production, publication, distribution, or manufacture of the resource is complete and the first and last issues, parts, or iterations are available, record the dates of production of those issues, parts, or iterations, separated by a hyphen.

If the date of production, publication, distribution, or manufacture of the resource is the same for all issues, parts, or iterations, record only that date as the single date.

If the first and/or last issue, part, or iteration of production, publication, distribution, or manufacture is not available, supply an approximate date or dates as given under 2.7.6.6, 2.8.6.6, 2.9.6.6, or 2.10.6.6.
If the date or dates of publication, distribution, or manufacture cannot be approximated, do not record a date of publication, distribution, or manufacture.

**Date of production, publication, distribution, or manufacture not identified in a single-part resource**

(2.7.6.6) production  
(2.8.6.6) publication  
(2.9.6.6) distribution  
(2.10.6.6) manufacture

If the date of production, publication, distribution, or manufacture is not identified in the single-part resource, supply the approximate date of production, publication, distribution, or manufacture. Apply the instructions on supplied dates given under 1.9.2.

Note that according to D1.2.1, "when adjacent elements within one area are to be enclosed in square brackets, enclose each in its own set of square brackets."

**Examples:**
- 2012564266 [1995?]
- 2013561035 [not before 1772]
- 2013560310 [between 1995 and 2012]
- 2012564398 [January 2004]

If the date or an approximate date of production, publication, distribution, or manufacture for a single-part resource cannot reasonably be determined, record date of production not identified, date of publication not identified, date of distribution not identified, or date of manufacture not identified.

**Best practices for music cataloging** [4]: 2.8.6.6: Follow LC-PCC PSL. Note that copyright date (whether © or ℗) is a separate element in RDA. It may be used to infer a publication date, but may not "stand in" as one. Give such inferred dates in square brackets, even if it is the same as the stated or inferred publication date separately, even if it is the same as the stated or inferred publication date in 260/264 [3] ‡c. See 2.11 for guidelines on selecting and recording copyright dates.

**Examples:**
- 2012563883 [2002]
- 2012564374 [1998?]

If the resource is in an unpublished form (e.g., a manuscript, a painting, a sculpture), record nothing in the date of distribution element.

**Copyright date (2.11)**

(2.11.1.1) A copyright date is a date associated with a claim of protection under copyright or a similar regime.

Copyright dates include phonogram dates ( ℗) (i.e., dates associated with claims of protection for sound recordings).

Copyright date is a core element if neither the date of publication nor the date of distribution is identified.

(2.11.1.2) Sources of information for copyright date

Take information on copyright dates from any source.

(2.11.1.3) Recording copyright dates

Record copyright dates applying the general guidelines on numbers expressed as numerals or as words given under 1.8 [9].

Precede the date by the copyright symbol ( ©) or the phonogram symbol ( ℗), or by copyright or phonogram if the appropriate symbol cannot be reproduced. If the resource has multiple copyright dates that apply to:

- various aspects (e.g., text, sound, graphics):
  Record: any that are considered to be the latest copy
- a single aspect (e.g., text, sound, or graphics):

Optional addition:

(2.20.10.3) record copyright dates of related manifestations (27.1)

**LC-PCC PS:** Record a copyright date for a single-part monograph if neither the date of publication nor the date of distribution is identified. It is not required to record copyright dates for multipart monographs, serials, and integrating resources.

**Best practices for music cataloging** [4]: Follow LC-PCC PS, that is, generally do not record copyright dates for incomplete or notated music.

For notated music:

° Routinely record the latest copyright date, either following a transcribed or inferred publication date in 264 [3] ‡c or 260 [3] ‡c.
° Do not transcribe a copyright renewal date as the copyright date.
° Do not transcribe a date of copyright transfer as the copyright date.
For audio recordings:
° Record the latest phonogram copyright date either in a separate 264 [3] _4 ‡c, or following a transcribed or inferred publication date in 260 ‡c.
° Code Date type and Dates 1 and 2 [10] in 008/06-14 as appropriate.

Note: According to MARC 21 format for bibliographic data: 008: all materials [11], 06 - Type of date/Publication status, t - Publication date and copyright date: "Deposit dates (i.e., those preceded by "D.L." (Dépot légal), etc.) may be treated as copyright dates."

0 264 4 ¢©2009
500 Parts have copyright date of 2007.

If the resource has multiple copyright dates that apply to various aspects (e.g., text, sound, graphics), record only the latest copyright date. Optional addition: Make a note giving the other copyright dates (2.20.10.3) or record the other dates as copyright dates of related manifestations (27.1).
