In bibliographic and authority records: the set of pitch relationships that establishes a single pitch class as a tonal center, or principal tonal center, for a musical work or expression. May be used to differentiate a musical work or expression from another with the same title. Currently, 384 fields are not added to authority records for authorized access points representing arrangements.

Instructions for PCC catalogers in Descriptive Cataloging Manual (DCM) Z1 [11], section on field 384:

« Best practices:
  » Encode when available for works [12].
  » Do not encode for expressions [13].
  » In case of doubt, do not encode.
