When to bind two scores together

When music for two or more instruments is issued as two scores and the scores are **not** issued together (e.g., the 300 field says “1 score”) follow these instructions:

**M1011, M1111:**
When we get two 2-piano scores, they should never be bound together.
When we a solo piano part and one 2-piano score, they should be bound together.

**Other class numbers:**
When music for two or more instruments is issued in scores published singly, and we purchase enough for performance, bind all together. For example, when we buy two copies of a score for two violins, the 300 field will say “1 score.” Assign only one barcode, even though we have two copies.

Indicate that the two scores are bound together:

<table>
<thead>
<tr>
<th>Bibliographic record:</th>
<th>Holdings:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Add a 590 field:</td>
<td>Add a universal message in $z$ the 852 field:</td>
</tr>
<tr>
<td>590 _ MUS: Copy 1-2 bound together.</td>
<td>852 00 ... $z$ 2 copies in 1 binding</td>
</tr>
<tr>
<td>OR</td>
<td></td>
</tr>
<tr>
<td>590 _ MUS: Copy 1-2 in 1 binding.</td>
<td></td>
</tr>
</tbody>
</table>
