

Part 6. Exporting

Published on Yale University Library (<https://web.library.yale.edu>)

Part 6. Exporting

Do not send suppressed series cover records for authority processing; they will be returned unsuppressed.

Do not export suppressed series cover records to OCLC; Voyager will not send any suppressed records to the utilities

Export unsuppressed series cover records (unanalyzed series, partially analyzed series) for authority processing (the records will be exported to OCLC automatically when returned from MARS processing)

Export E/L 7 analytic bibliographic records for authority processing (the records will be exported to OCLC automatically when returned from MARS processing)
