

Tableau Data Vis Competition

August 17, 2017

Working on a data visualization in Tableau? Consider submitting it to Tableau's Student Visualization Assignment Contest. Entries will be evaluated based on creativity, analytical depth, design, and overall impact. Fall entries must be submitted between September 18 and December 5.

For guidelines and to submit, visit [Tableau's contest page](#) [1].

Interested in submitting but new to Tableau? Visit the Digital Humanities Lab's News & Events page soon for forthcoming information on the Introduction to Data Visualization with Tableau workshop that we'll be offering this fall.
