March 21, 2017

Two more screenings of 35mm prints from Yale's collection will take place this summer, and you're invited! At 7pm Wednesday, June 27, join us for a 25th anniversary screening of *THE FUGITIVE*, starring Harrison Ford as a doctor wrongfully convicted of murder and Tommy Lee Jones as the U.S. Marshal out to find him. At 7pm Wednesday, July 18, we'll screen Werner Herzog's Antarctic documentary *ENCOUNTERS AT THE END OF THE WORLD*, introduced by Dr. Jennifer Marlon. "Treasures from the Yale Film Archive" screenings are always free and open to everyone, and take place in the Whitney Humanities Center Auditorium, 53 Wall Street in New Haven. [Learn more](#) [1].
