YUL Zoom Problem Report

Library IT has received reports of Zoom only allowing 4 users to join a meeting and imposing a 45-minute limit on all meetings. If you are experiencing these issues, it is likely that your Zoom client is using a “free” version of Zoom and not the licensed YUL version. If you are experiencing this issue, please fill out the following form.

First Name *

Last Name *

Your Yale email address associated with your current Zoom account *

Your Department *
