Service Owner Steelsen Smith

YUL Service Domain [Integrated Library System Services](#) [1]

Alias Library Shelving Facility, LSF, GFA LAS, Generation Fifth Applications, Library Archival Software

Short Description: The inventory management systems support service enables the Yale University Library Collection Services department to provide client-facing archival, retrieval, and inventory management services for library collections located in off-site storage facilities.

Description

This service allows the Library Collection Services (LCS) department to request changes to the infrastructure that underpins LCS operations. This includes GFA LAS application configuration and support, authentication and authorization, integrations, and infrastructure (systems, storage, databases, PDT barcode scanners, printers for barcode replication and tray barcode creation).
