

## Digital Preservation Support

**Service Owner** Robert Rice

**YUL Service Domain** [Preservation Support Services](#) [1]

**Short Description:** This service enables the Yale University Library Preservation department to provide client-facing digital preservation services for sustainable, long-term preservation and access for digital content.

### Description

This service allows the Digital Preservation unit within the Preservation department, and customers of the Digital Preservation Service (DPS), to request changes to the infrastructure that enables and underpins the DPS. This includes application configuration and support, authentication and authorization, integrations, and infrastructure (systems, storage, and databases).

**Visibility** No visibility restrictions

**Who is eligible to use this service offering?** Anyone in the Yale community with an active and valid NetID

**Affiliations that can use this service offering** Staff

**How do I get it?**
