
Circulation, Privileges and Information Service desks now located in the Franke Periodical Reading Room

The first of several important changes associated with the Sterling Memorial Library (SML) nave restoration project occurred this week with the move of the SML circulation, privileges and information desks to the Franke Periodical Reading Room. The entrance to the Periodical Reading Room is located to the left of the High Street entrance of SML, as you come into the Library. All frontline services will continue to function in the new space until the fall of 2014, when the restoration will be completed and services will return to the nave.
