

Tours of Sterling Memorial and Bass libraries for new graduate students

August 21, 2015

Tours of Sterling Memorial (SML) and Bass Libraries, designed especially for new graduate students, are being offered on 3 dates in August – the 25, 26 & 28. Each tour will include the SML stacks and reading rooms, a peek at some unusual collections, and information about important (and useful!) services for students. The tours will begin in the SML nave, just inside the 120 High Street entrance. A Yale ID is required and students are encouraged to register using the link on the date of your choice. See more [here](#) [1] for details.
