The Japan Times is Japan's oldest English language newspaper and the country's only independent English-language newspaper today. The digital archive allows you to search the full text of all issues of The Japan Times published between March 1897 and 2014.

Below are all the variant titles of the newspaper from 1897 to 2014. OCR function of the database has improved considerably, but not perfect. I suggest using multiple keywords to search in the database.
