April 29, 2016

Coinciding with the 400th anniversary of Shakespeare's death and the worldwide celebrations of his work, we now have streaming access to [seventeen Globe on Screen videos via Drama Online](#) [1]. These productions are filmed live at the Globe Theatre in London, and most are new to us in streaming form. A particular highlight is the [all-male production of TWELFTH NIGHT with Mark Rylance as Olivia](#) [2]. There's much more in Drama Online on Shakespeare's plays, of course, including the [Arden Shakespeare editions, audio recordings, and critical texts](#) [3]. Digital Theatre Plus also includes [several Shakespeare productions](#) [4], including a hilarious [MUCH ADO ABOUT NOTHING set in the 1980s](#) [5]. Happy watching!
