June 3, 2021

Most library locations, including contactless pickup in Sterling Memorial Library Nave, are open to
students, staff, and faculty (including emeriti) who are authorized to be on campus. Individuals authorized to be on
campus may use special collections materials with advance reservation. University requirements for masking,
physical distancing, and reduced occupancy remain in effect in all library spaces.

For summer access to campus buildings, including libraries and contactless pickup, students (including student
employees) must have their learning location designated as “in residence” by the university. Students may check
their current learning location or request a change using this university
form: [https://forms.sis.yale.edu/url/LearningLocation](https://forms.sis.yale.edu/url/LearningLocation) [1]. (The form requires a CAS login.) Student who are not in
residence should request library materials by mail, and not via contactless pickup.

In compliance with Yale’s current [Campus Visitor Policy](https://covid19.yale.edu/visitors-policy) [2], we are still unable to extend access to other patron
groups, including retired staff and faculty without emeritus status, alumni, family members, other Yale affiliates, and
the general public. We regret any inconvenience, and we look forward to welcoming our extended community when
public health conditions improve. Please contact [Ask Yale Library](mailto:askyalelibrary@yale.edu) [3] if you have questions about your status to
access the library.

Check library hours [4] before coming to campus. Library staff continue to provide research consultations,
workshops, library instruction, and access to electronic resources online. Current students, faculty, and staff may
request to have library materials, including BorrowDirect and interlibrary loan materials, scanned or mailed to U.S.
addresses. To request this service, use the “Send to home address or campus residence” links in Orbis and
Quicksearch.

[See our COVID-19 FAQ](https://web.library.yale.edu/covid-19-update-library-reopening-faq) [5] for more about online and remote services.
