Special Collections Reopened

May 16, 2022

Yale University Library special collections reading rooms are now open to the Yale community and to non-Yale researchers who are fully vaccinated and boosted, when eligible. Non-Yale researchers are required to register in the Yale Library special collections system, complete the University vaccine attestation process in advance of their visit, and show a copy of their approval email for admission to the library on the day of their visit. Plan your visit [1].
